

Supplementary Figure S3A | Kidney_Cortex TWAS proxy quality

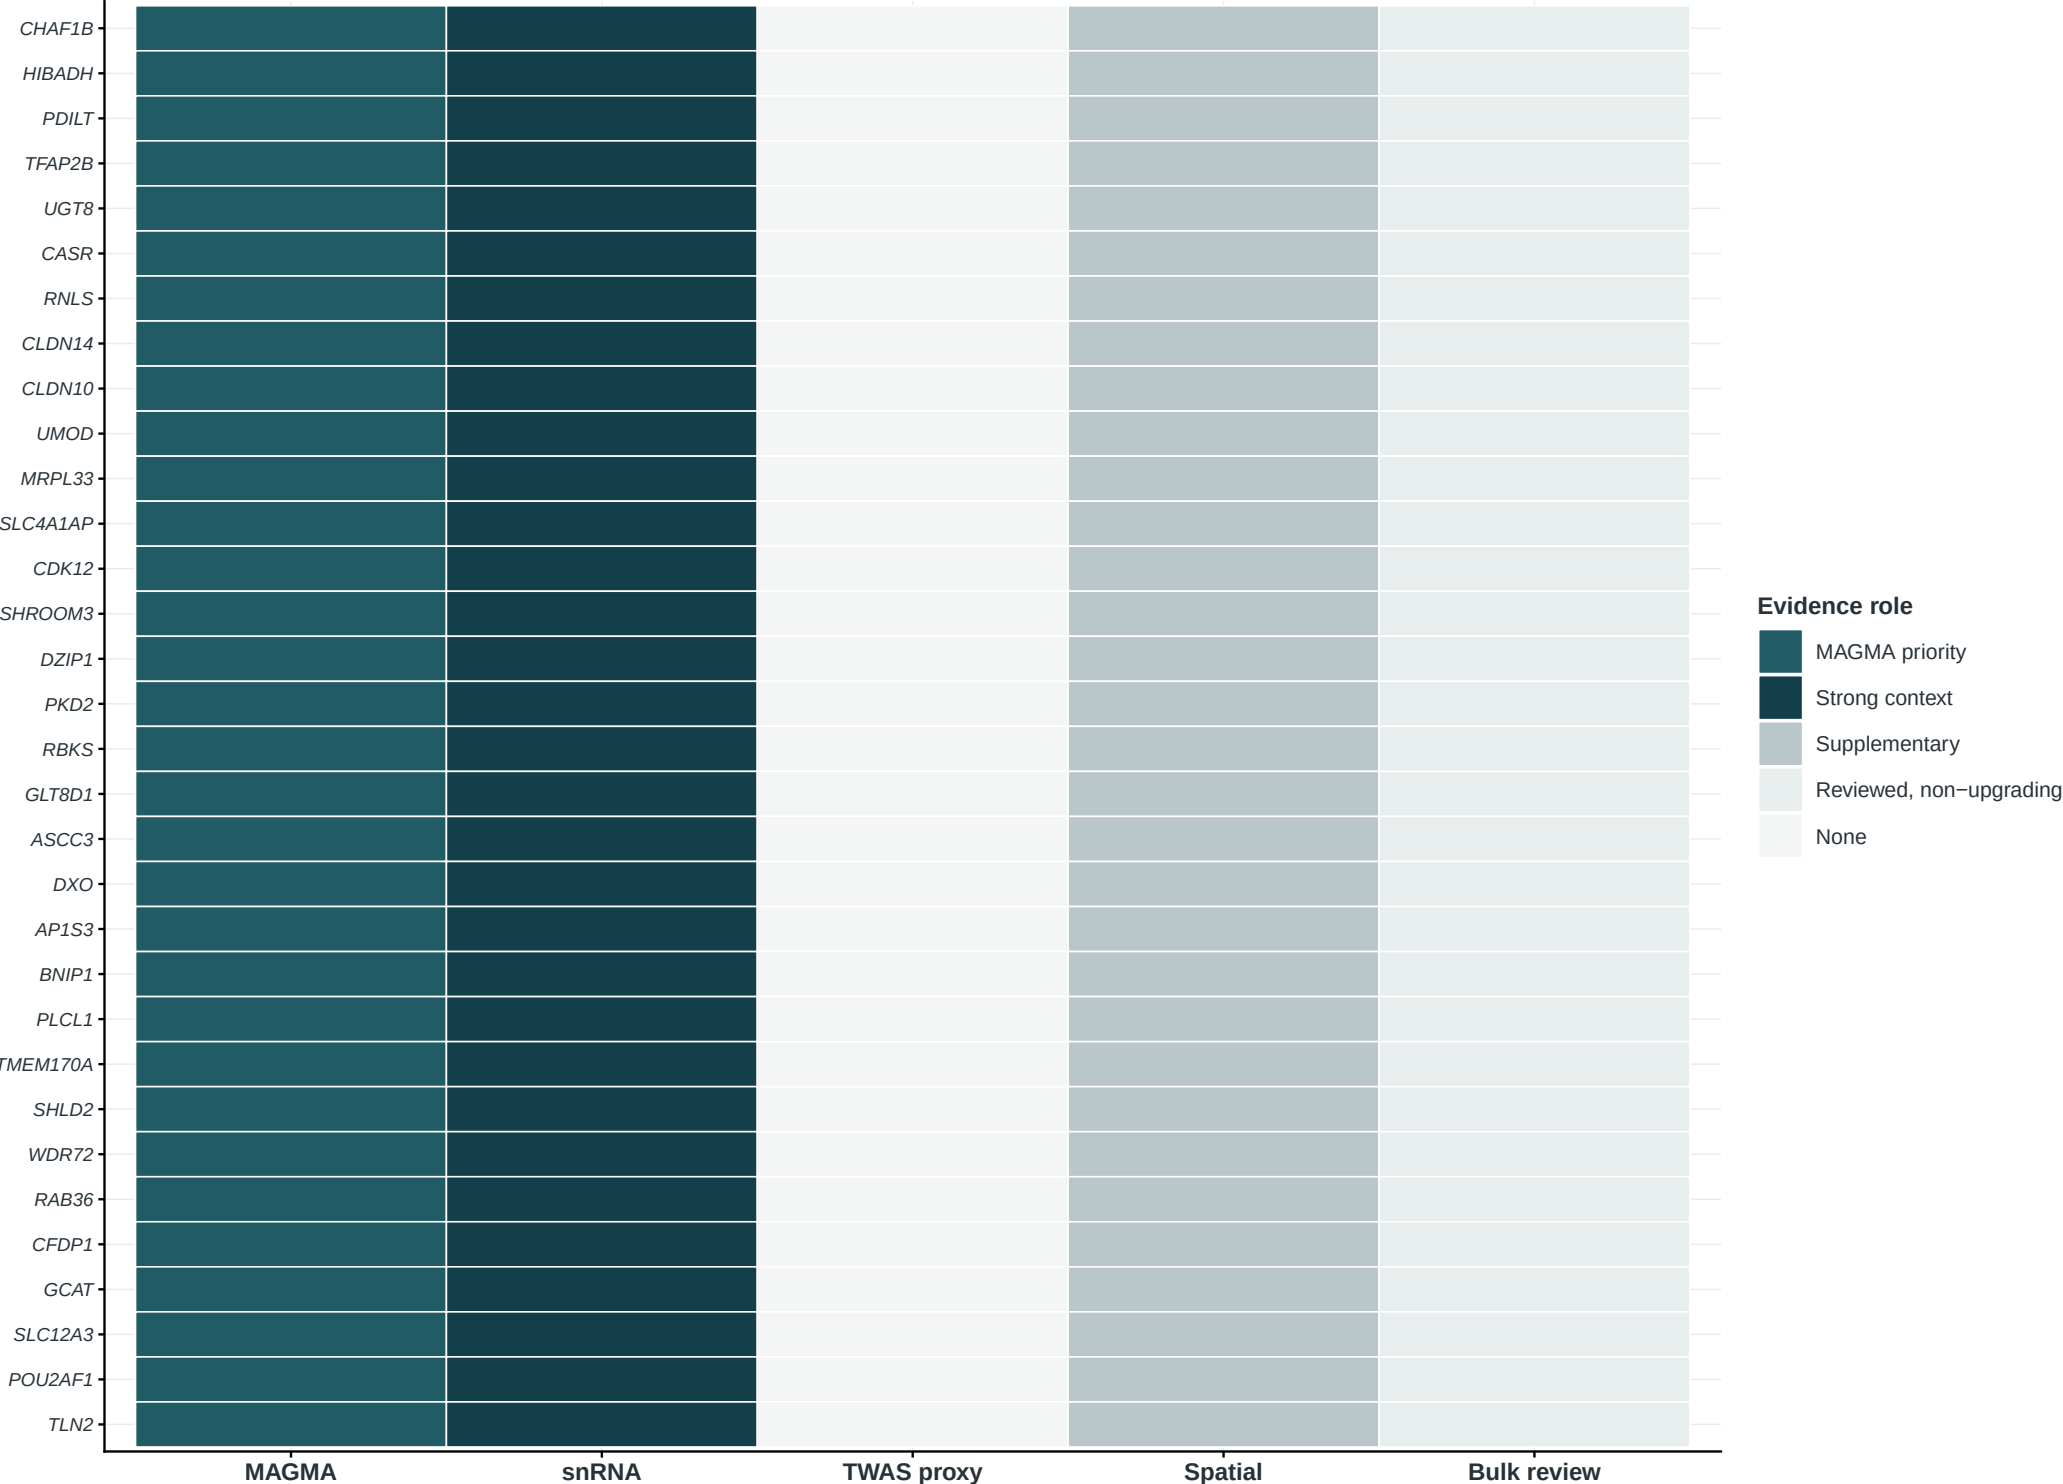

Proxy annotation only; model support does not establish papilla-specific regulation

Counts and overlaps are reproduced from the locked Phase 4 tables.

Supplementary Figure S3B | Candidate evidence matrix, page 1

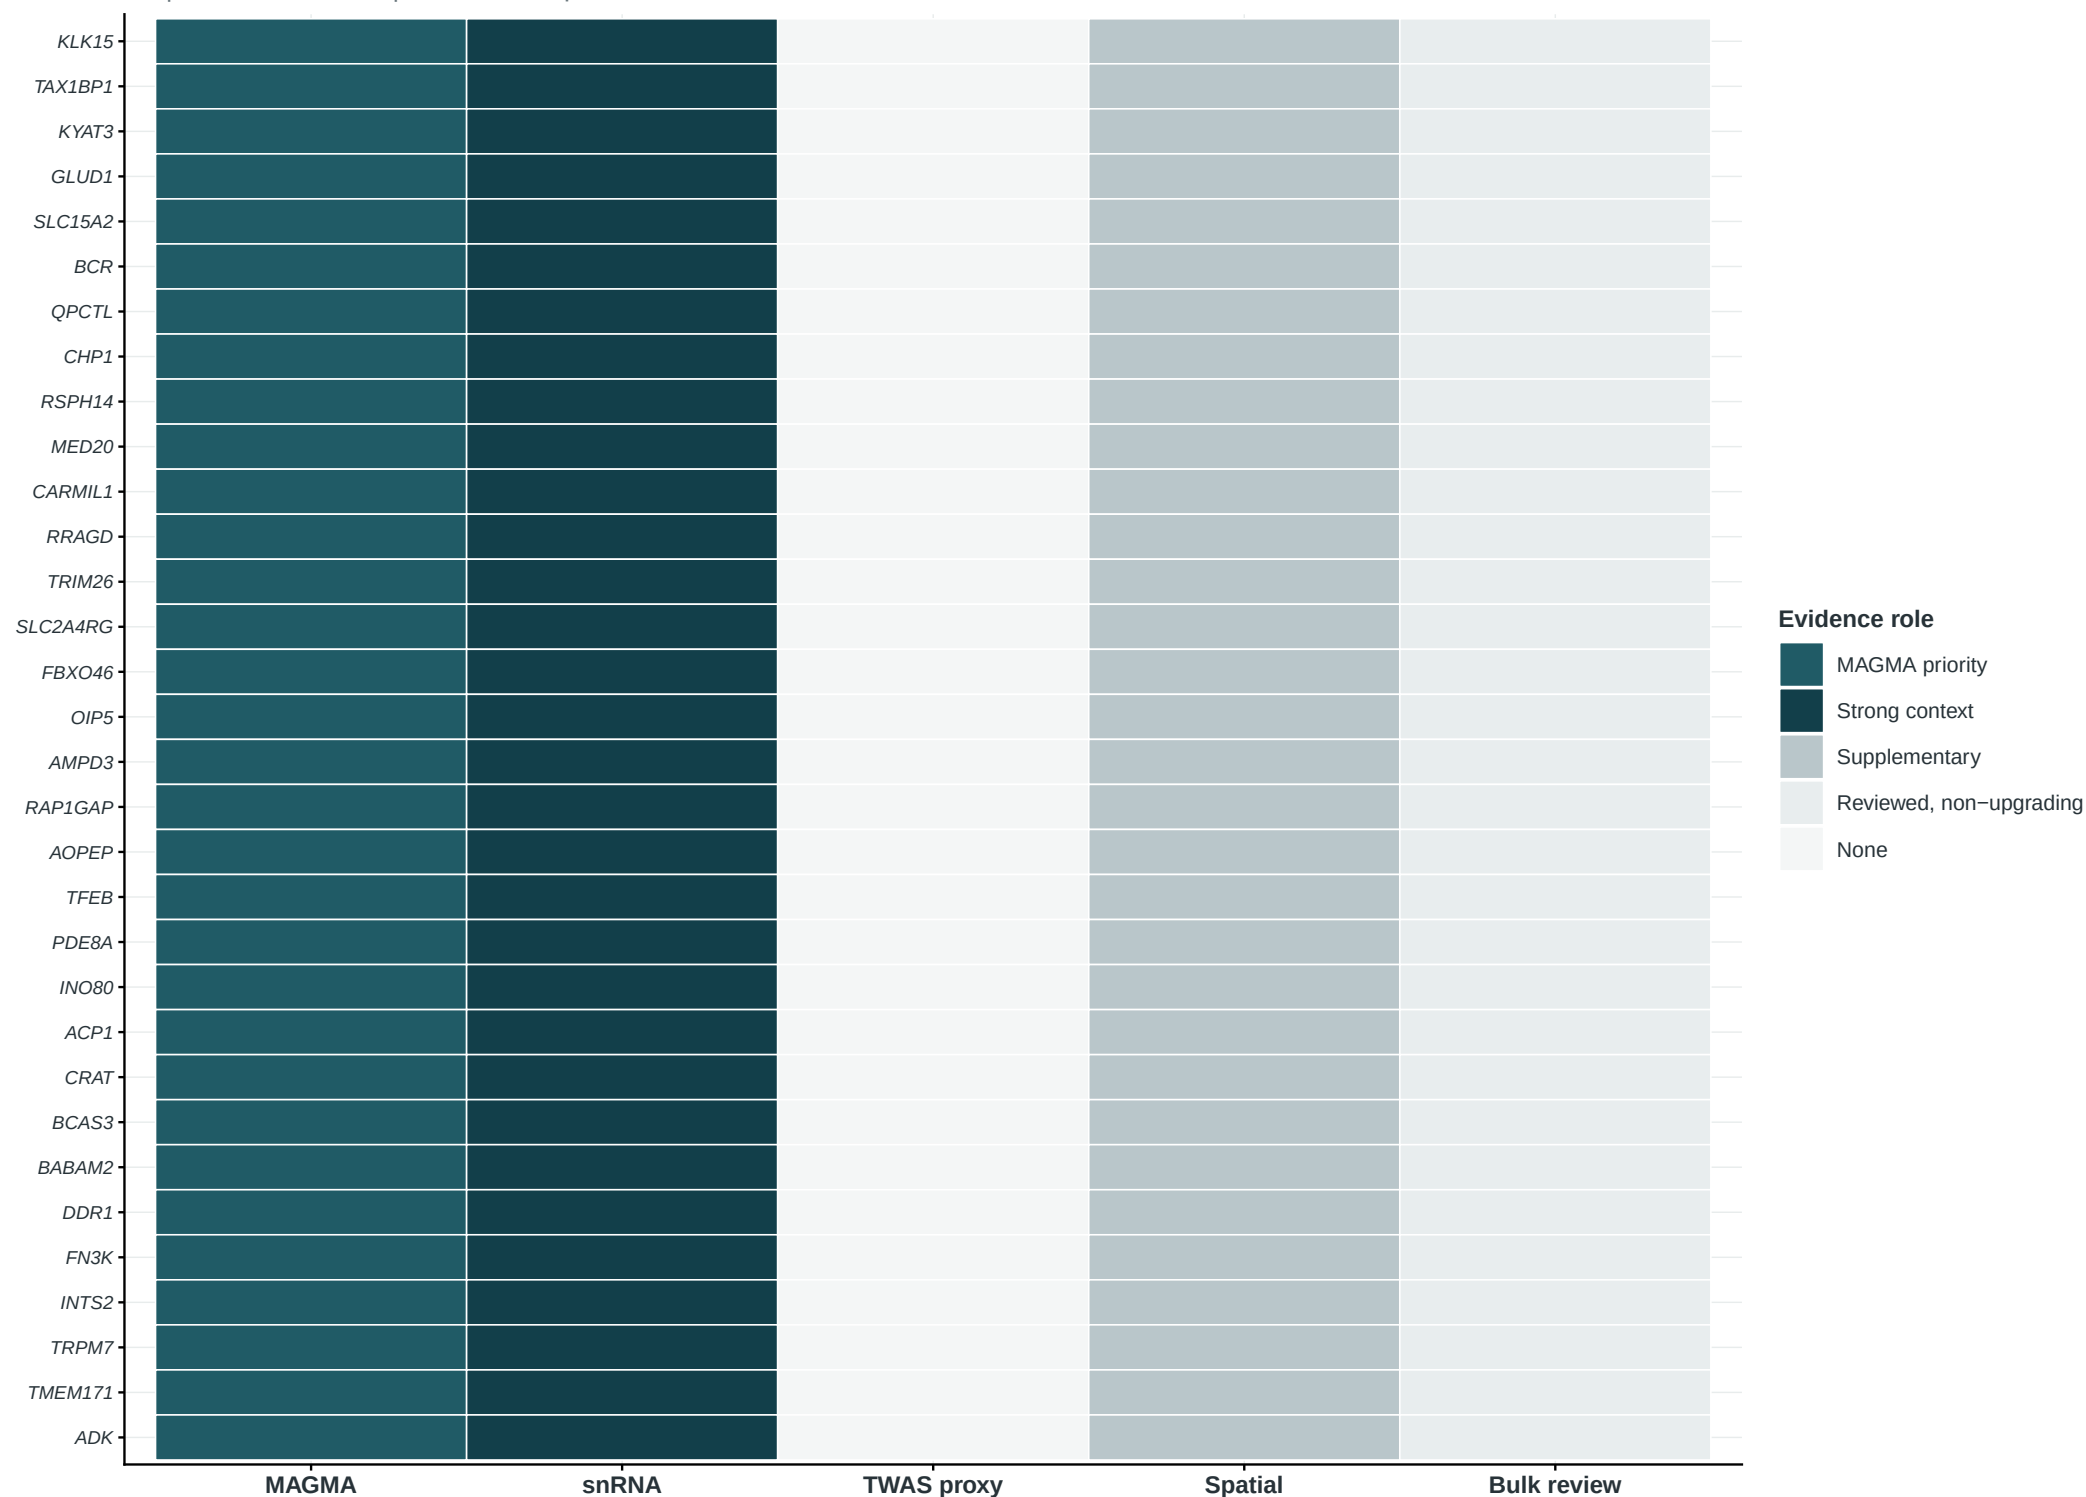

R1 | rows 1–32 of 68 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

Supplementary Figure S3B | Candidate evidence matrix, page 2

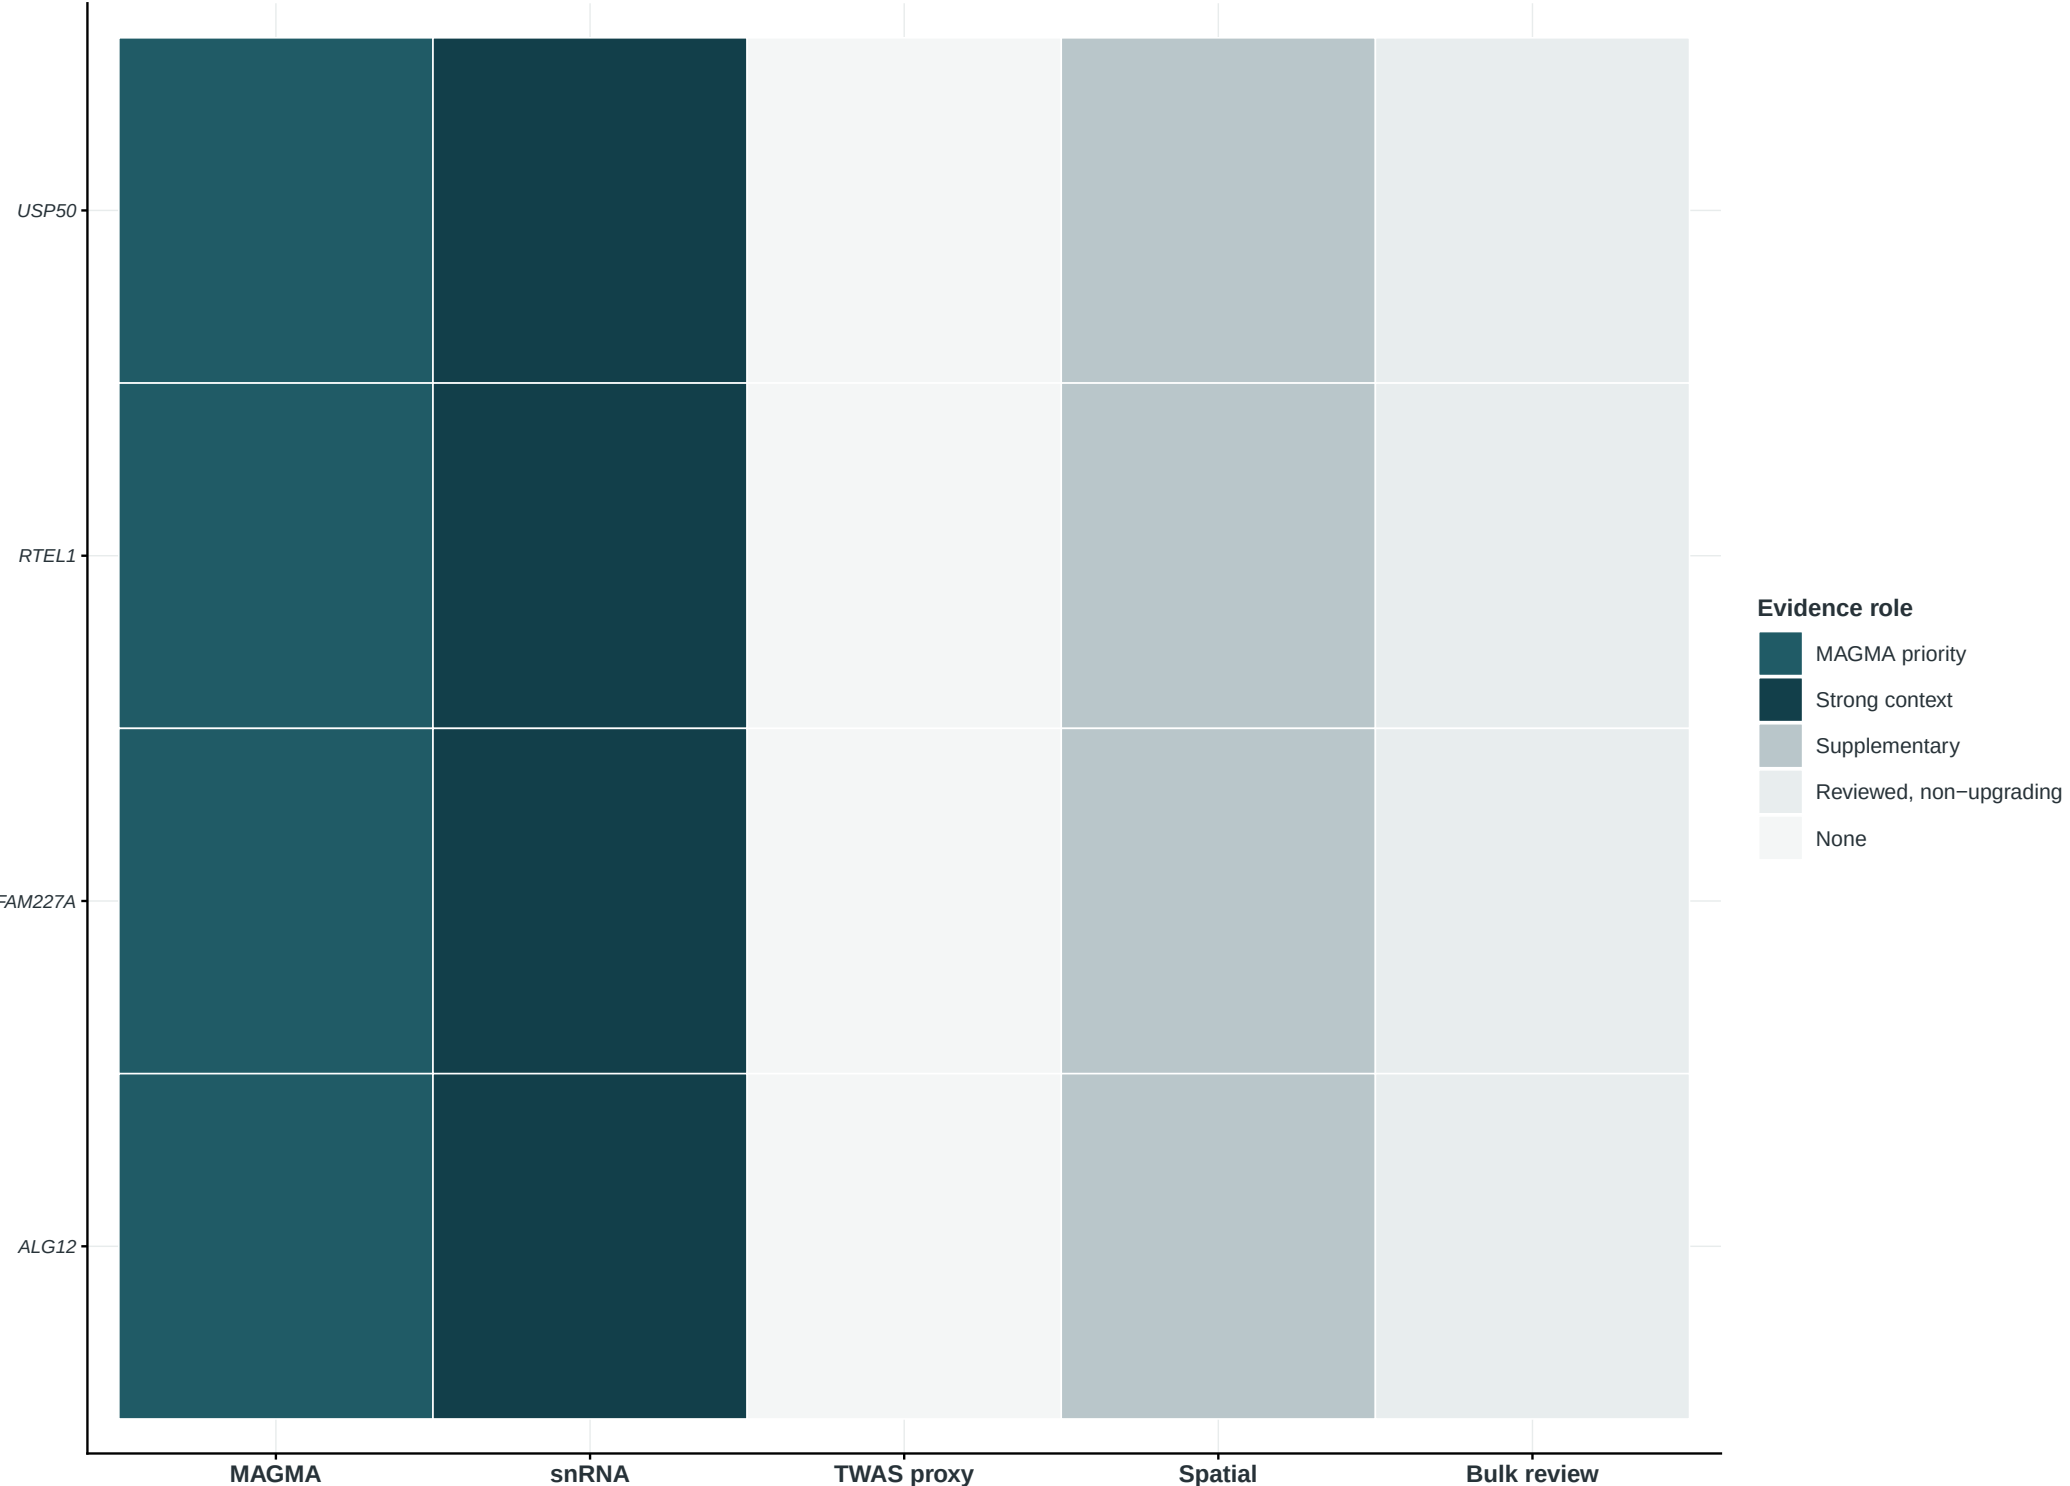

R1 | rows 33–64 of 68 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

Supplementary Figure S3B | Candidate evidence matrix, page 3

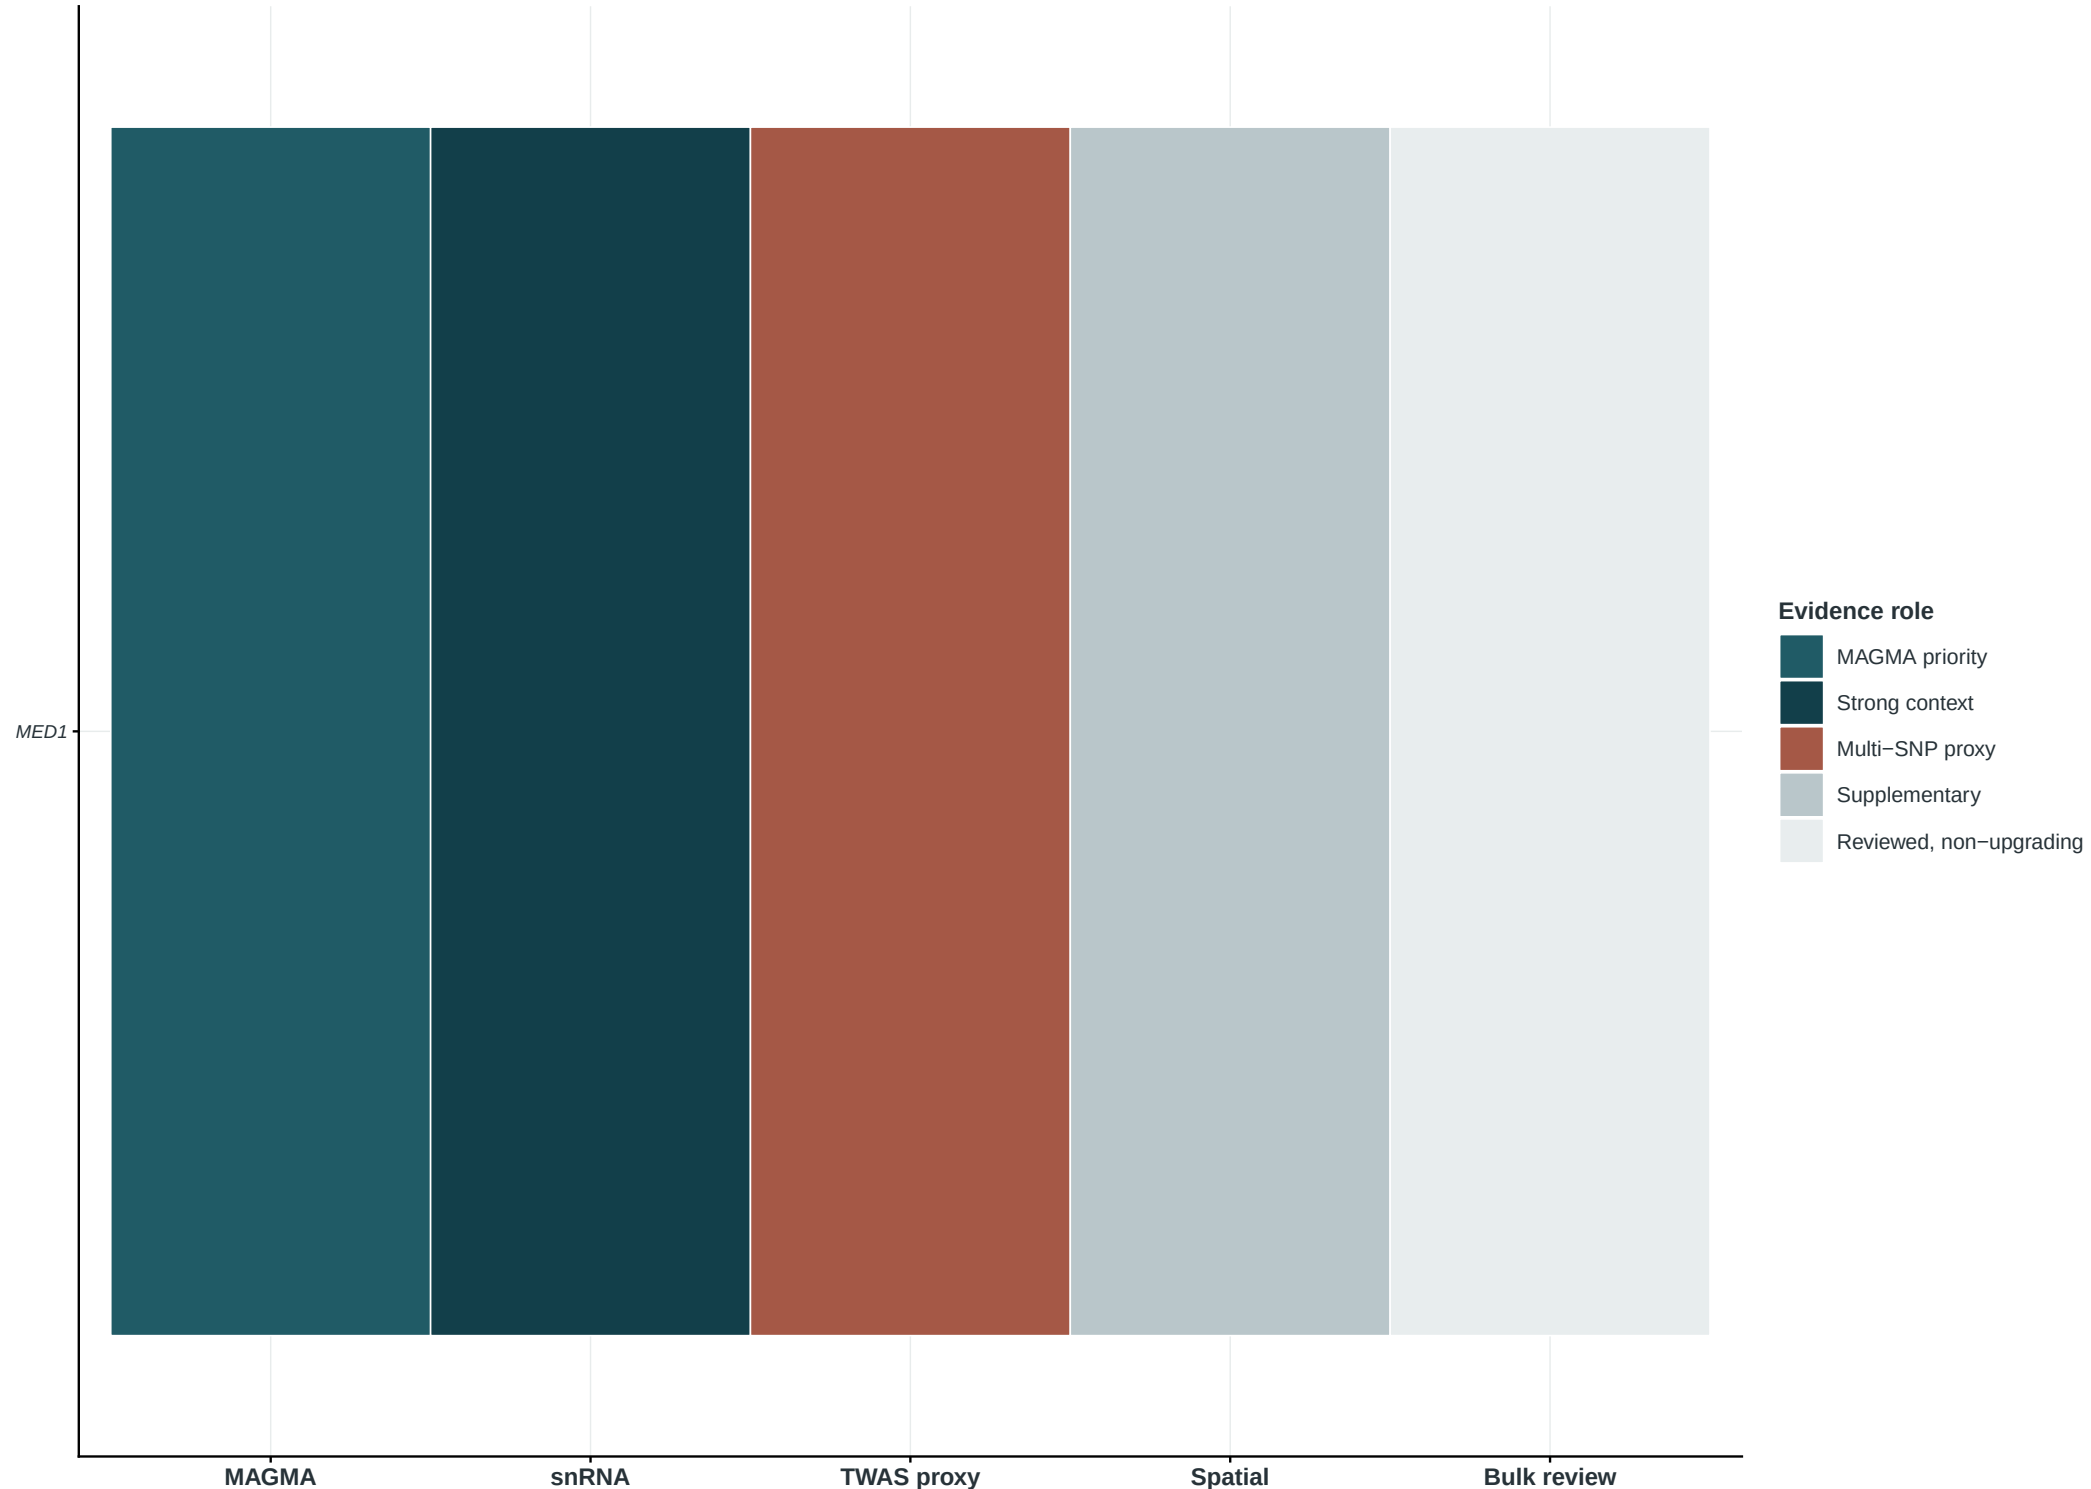

R1 | rows 65–68 of 68 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

Supplementary Figure S3B | Candidate evidence matrix, page 4

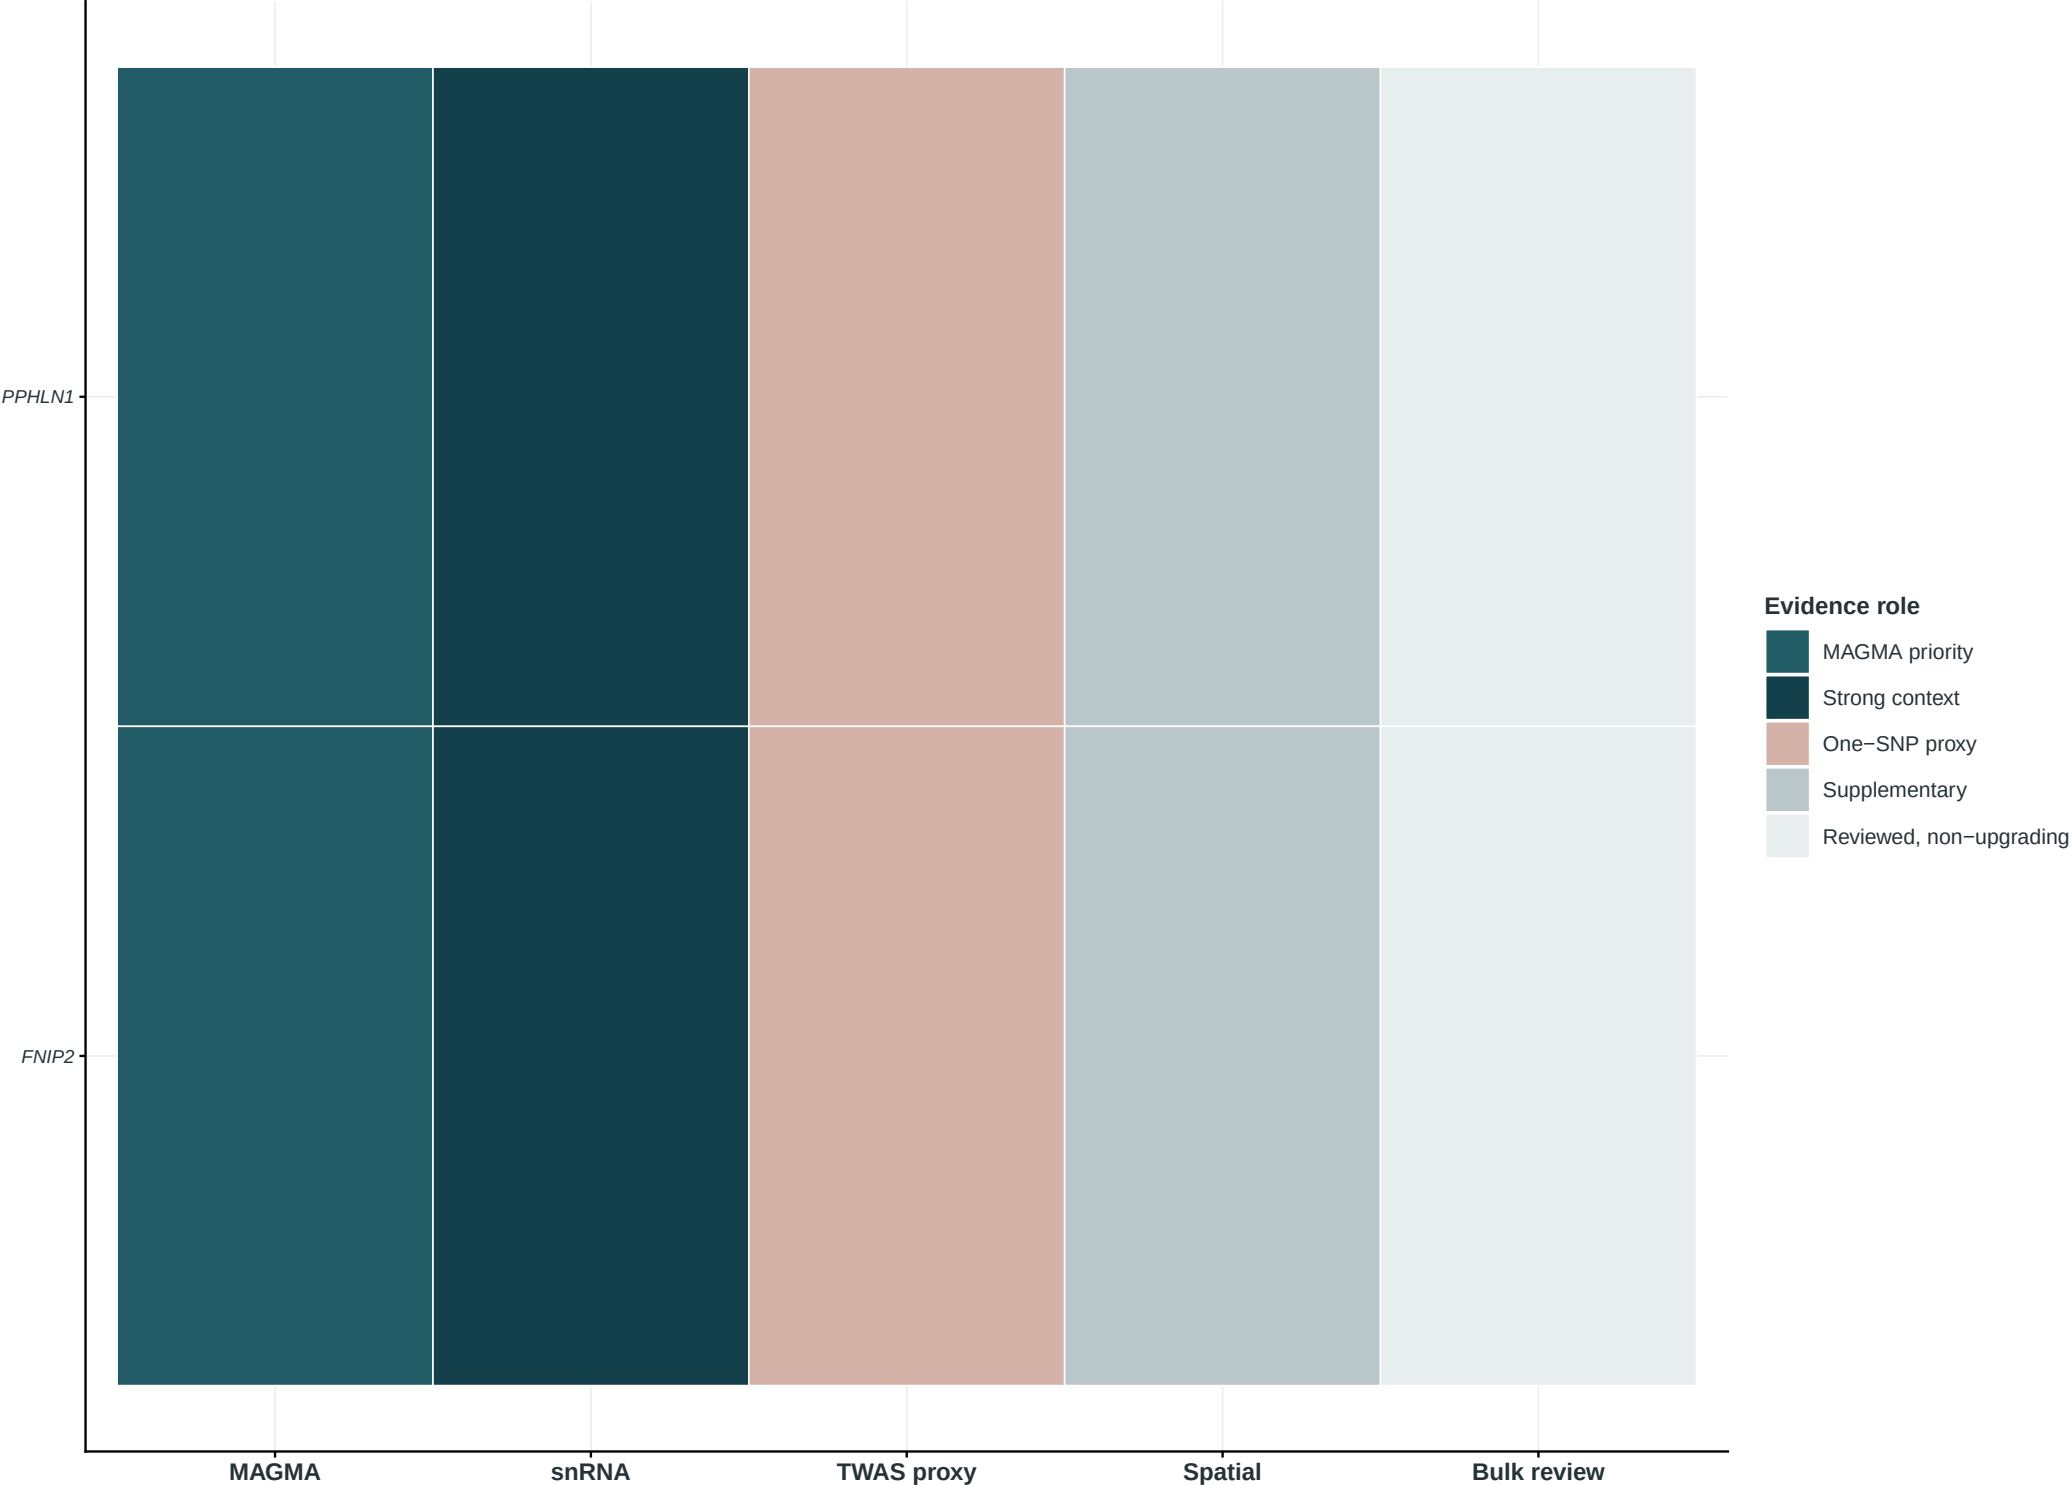

R2 | rows 1–1 of 1 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

Supplementary Figure S3B | Candidate evidence matrix, page 5

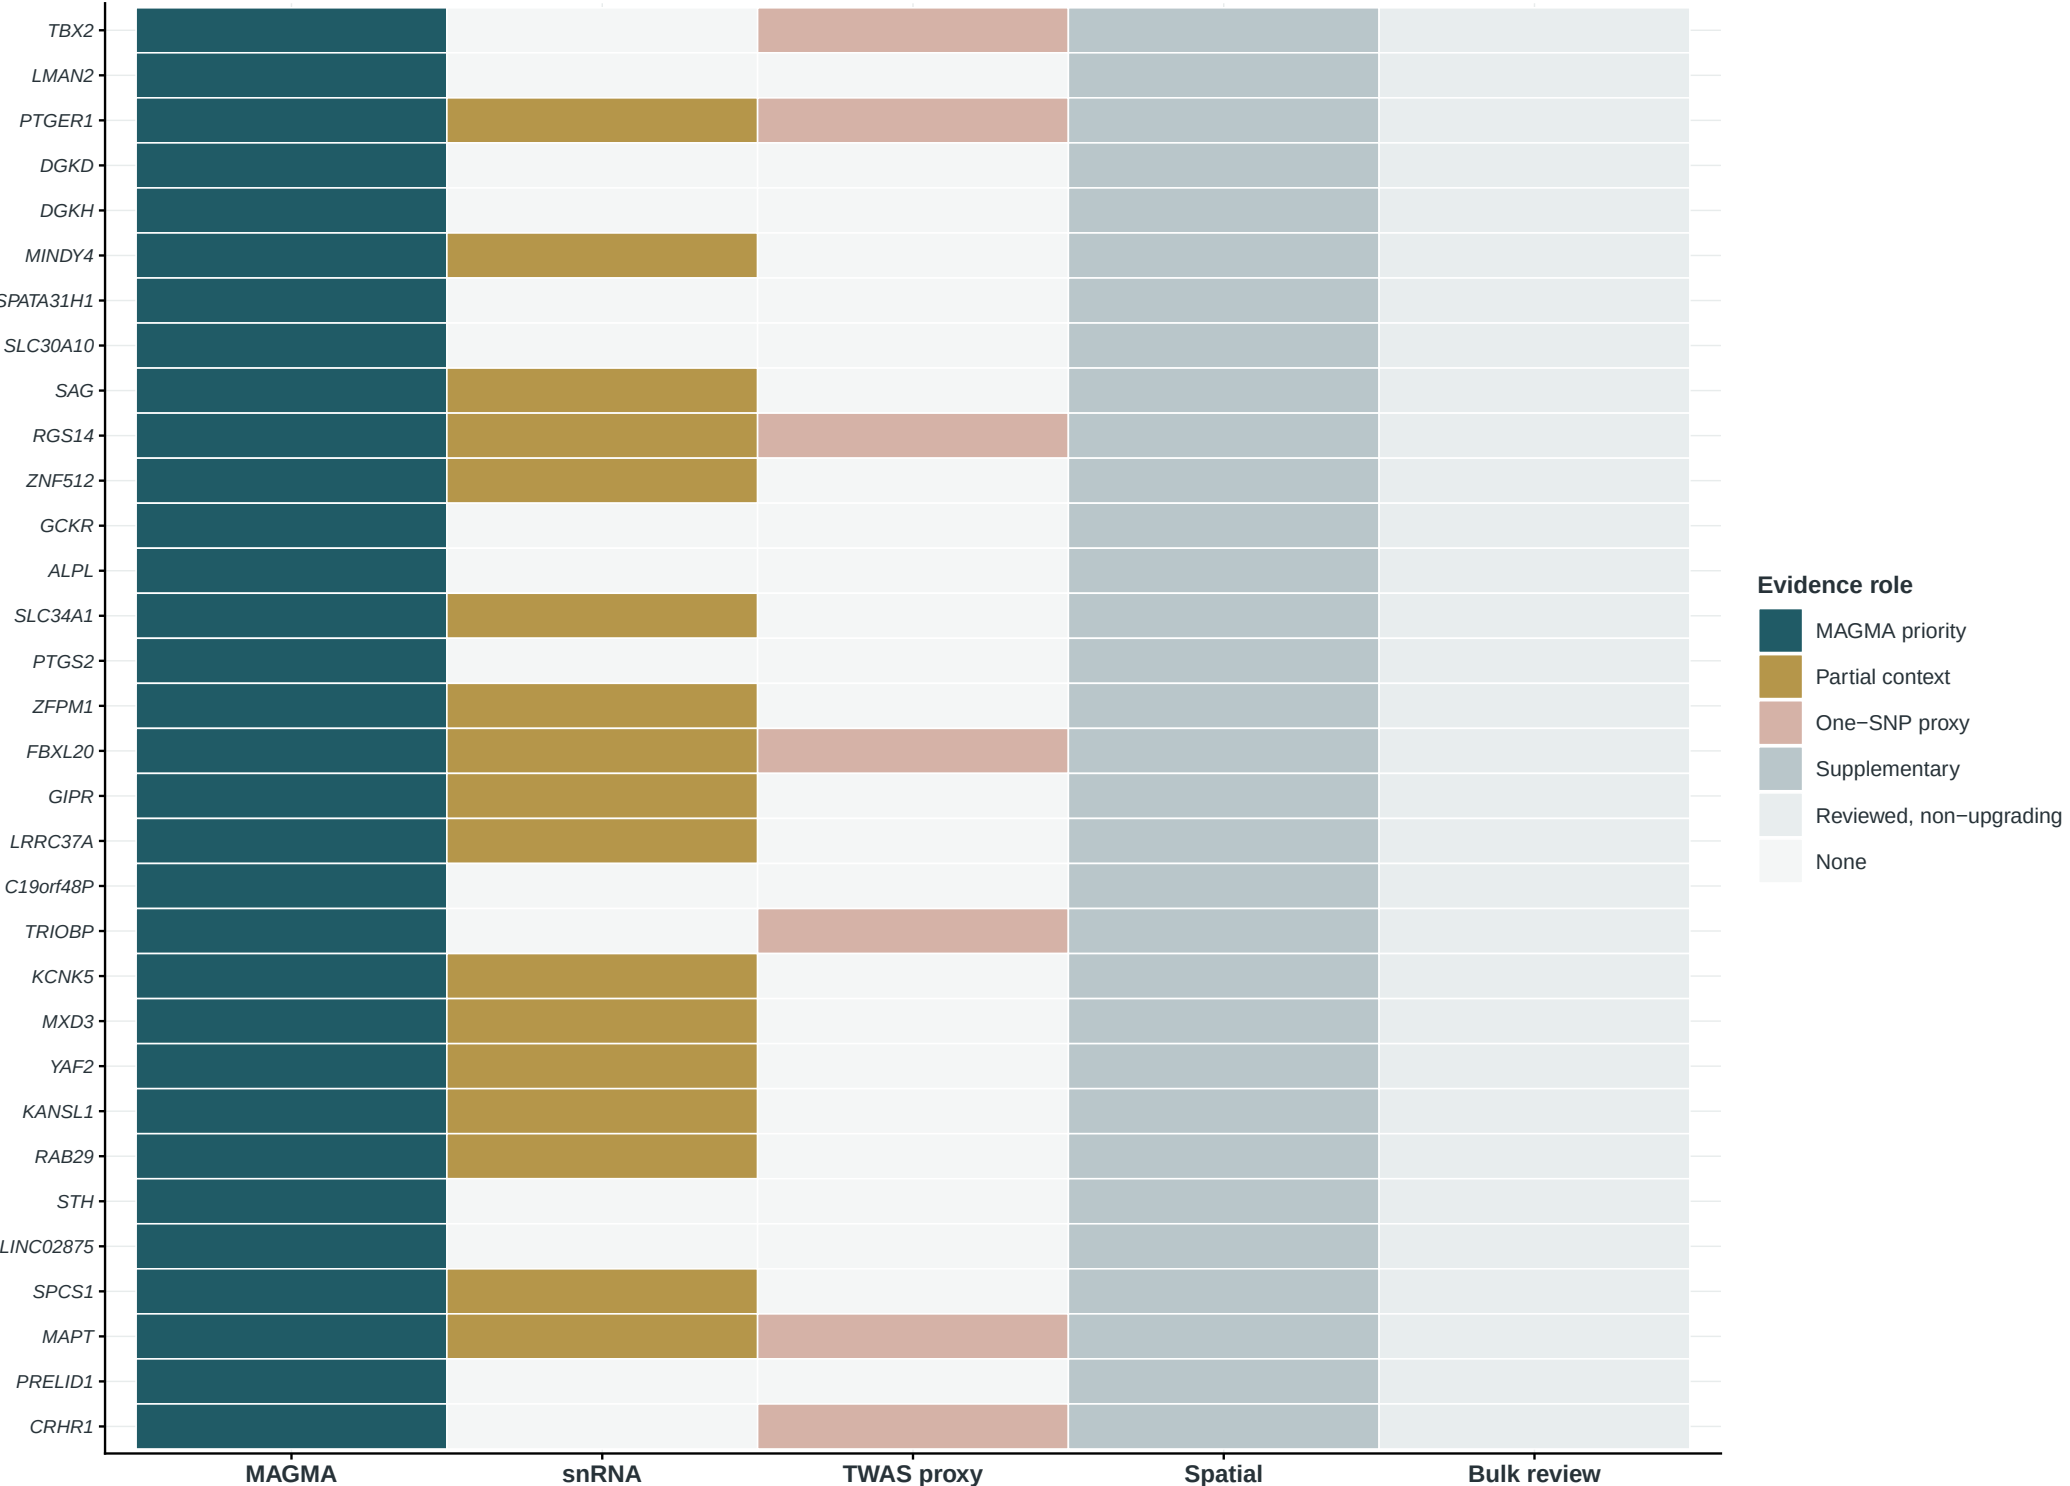

R3 | rows 1–2 of 2 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

Supplementary Figure S3B | Candidate evidence matrix, page 6

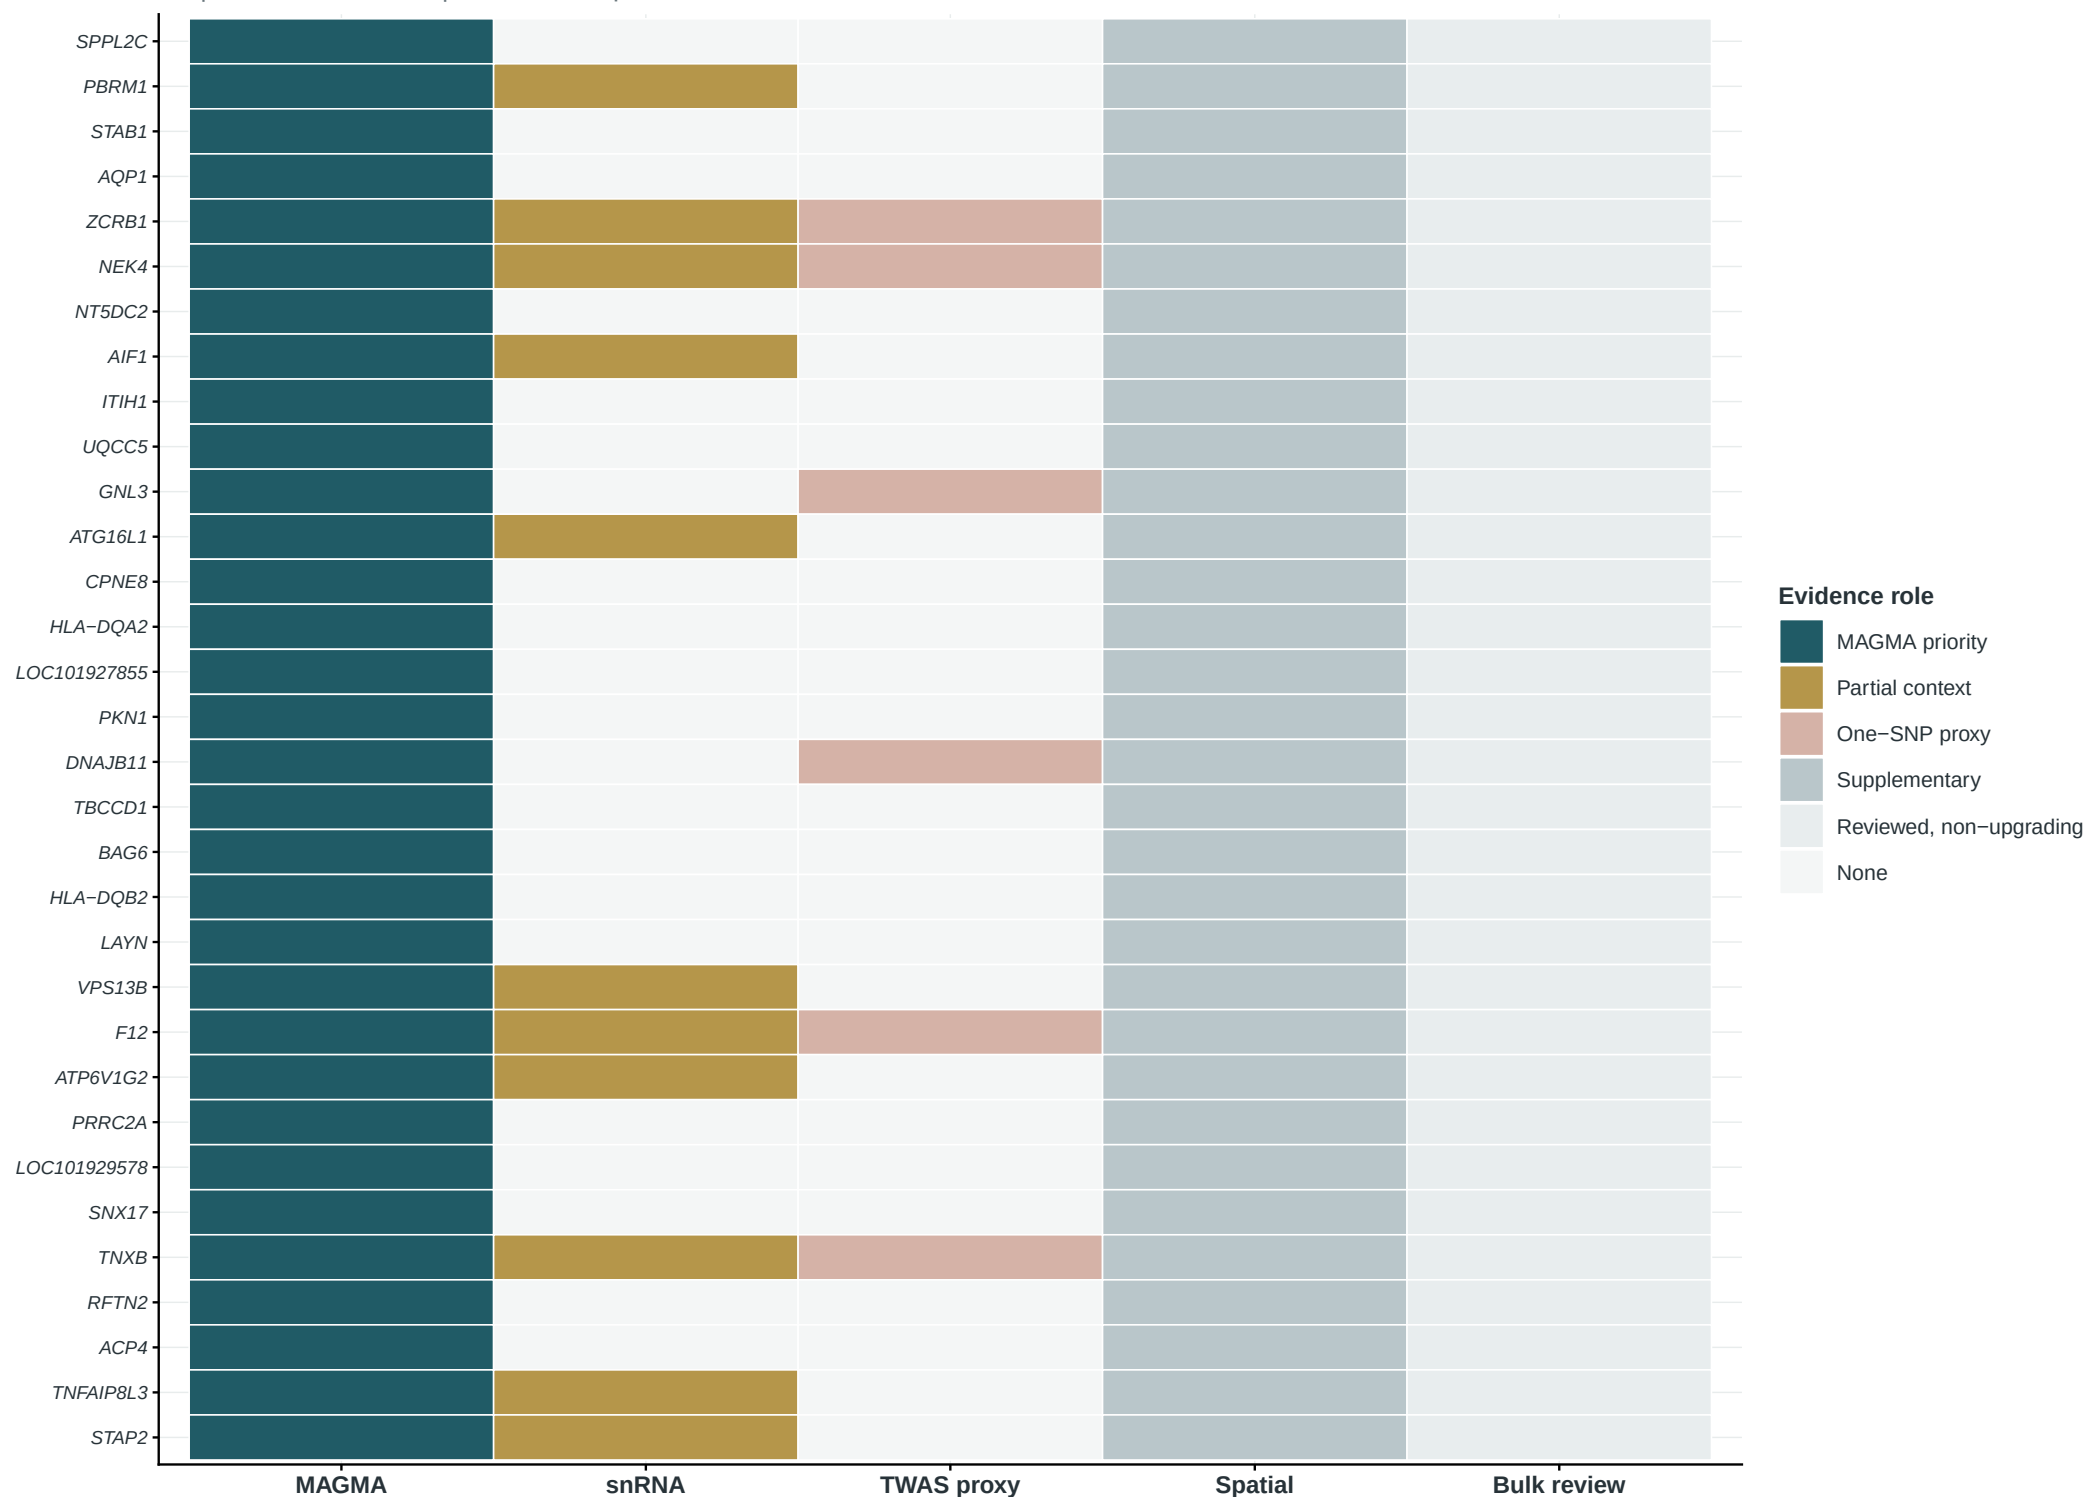

R4 | rows 1–32 of 141 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

Supplementary Figure S3B | Candidate evidence matrix, page 7

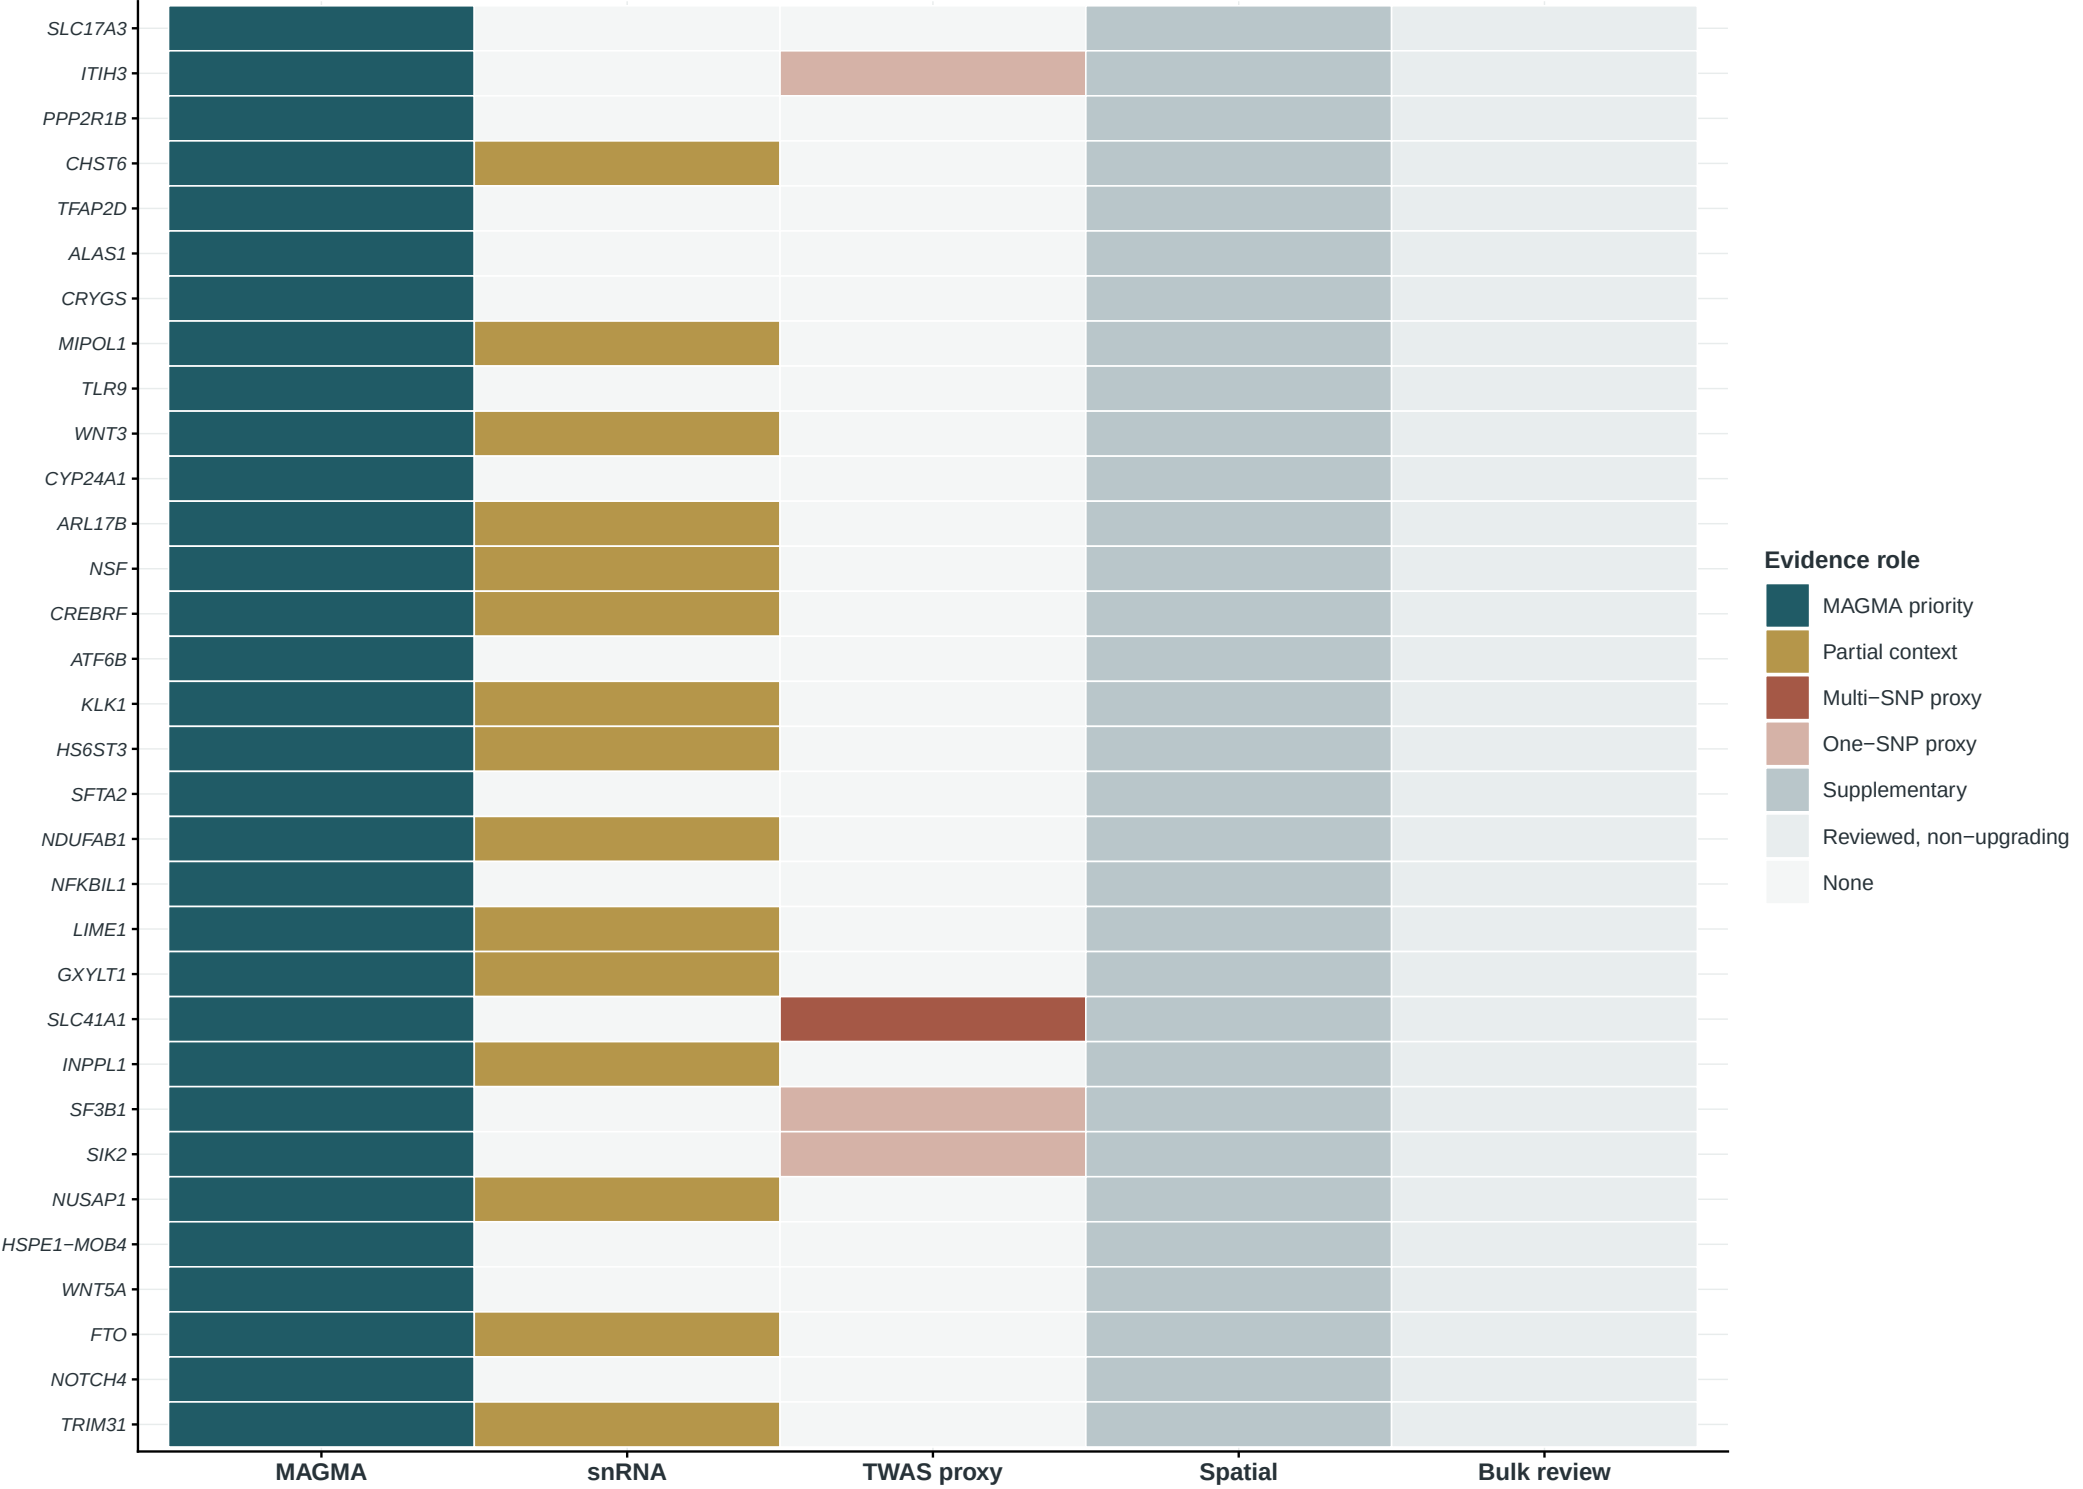

R4 | rows 33–64 of 141 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

Supplementary Figure S3B | Candidate evidence matrix, page 8

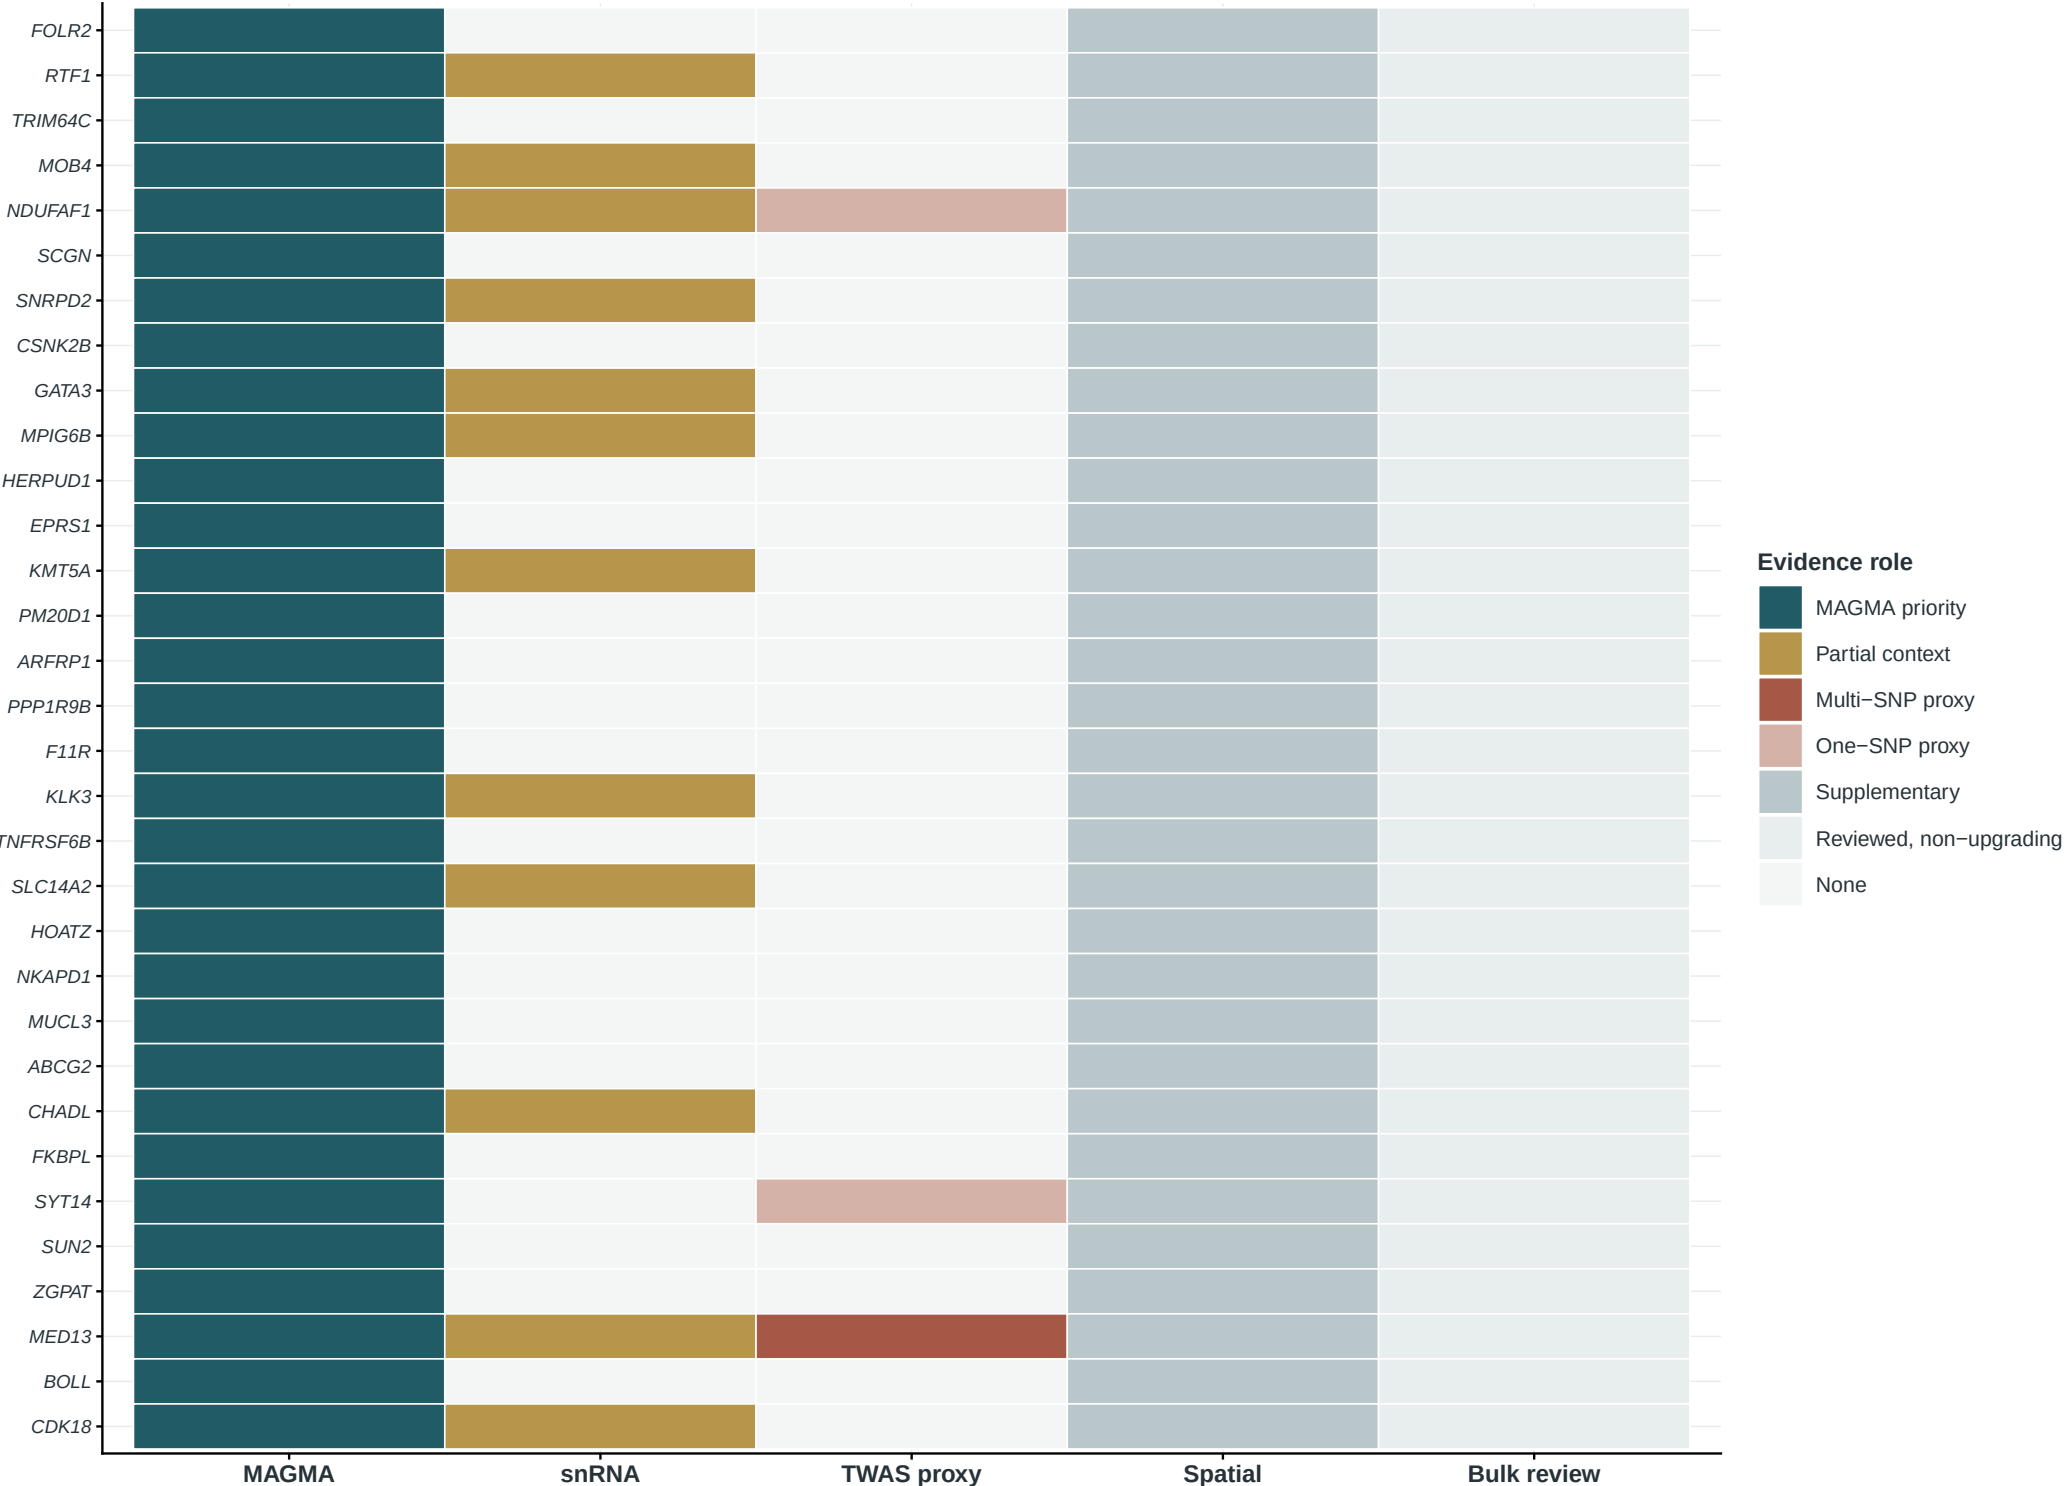

R4 | rows 65–96 of 141 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

Supplementary Figure S3B | Candidate evidence matrix, page 9

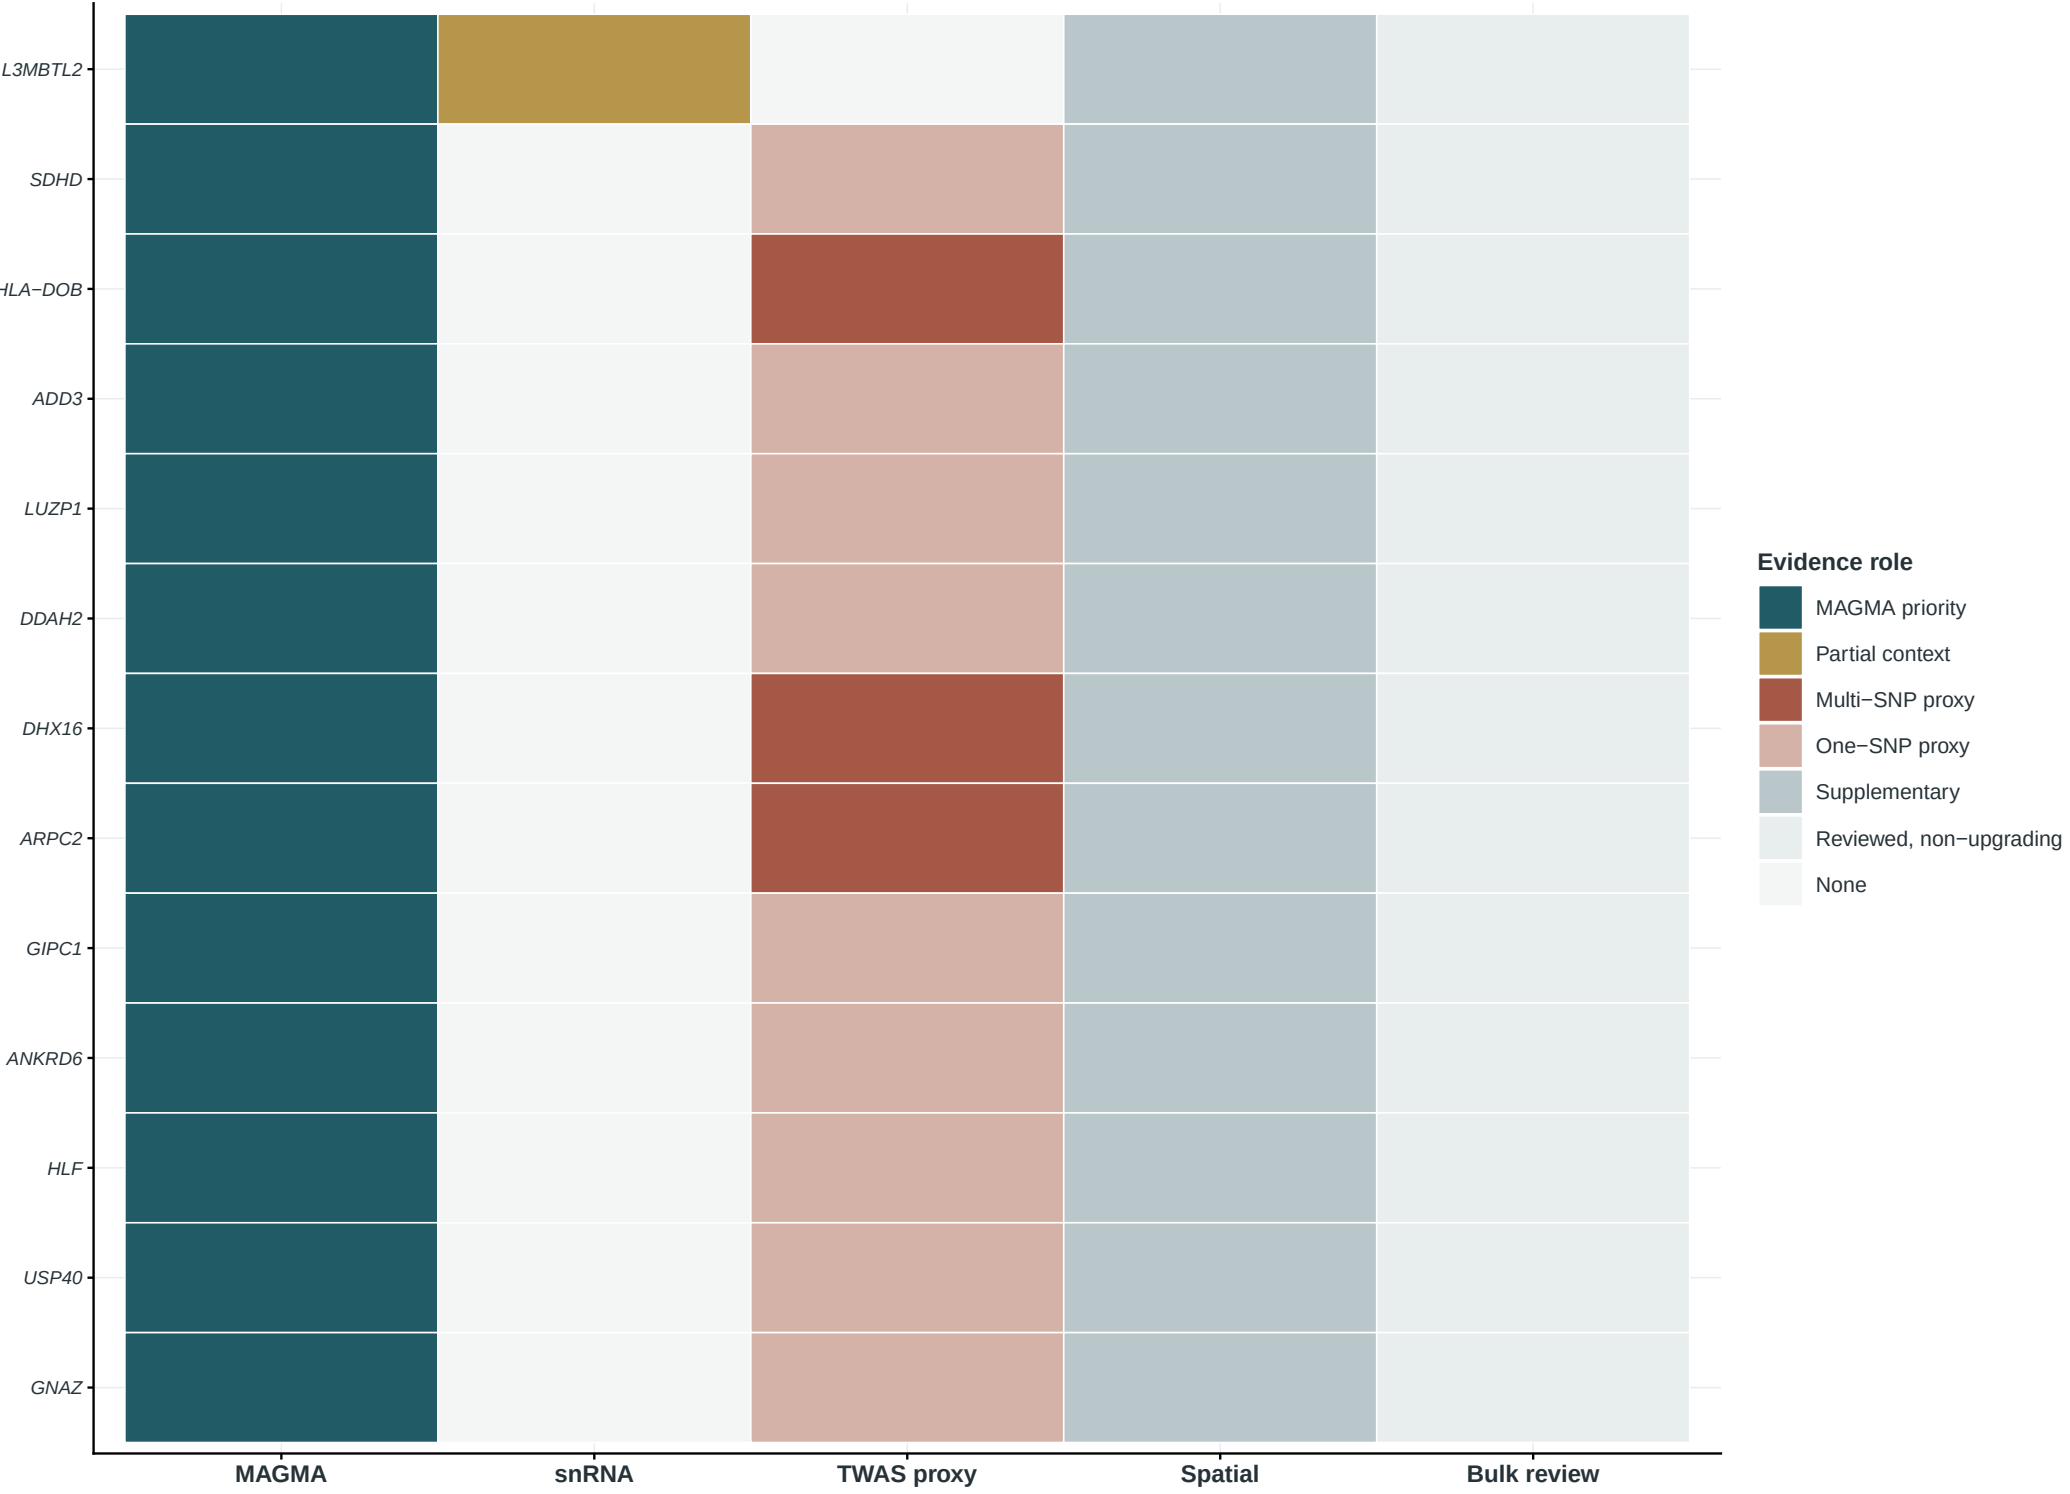

R4 | rows 97–128 of 141 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

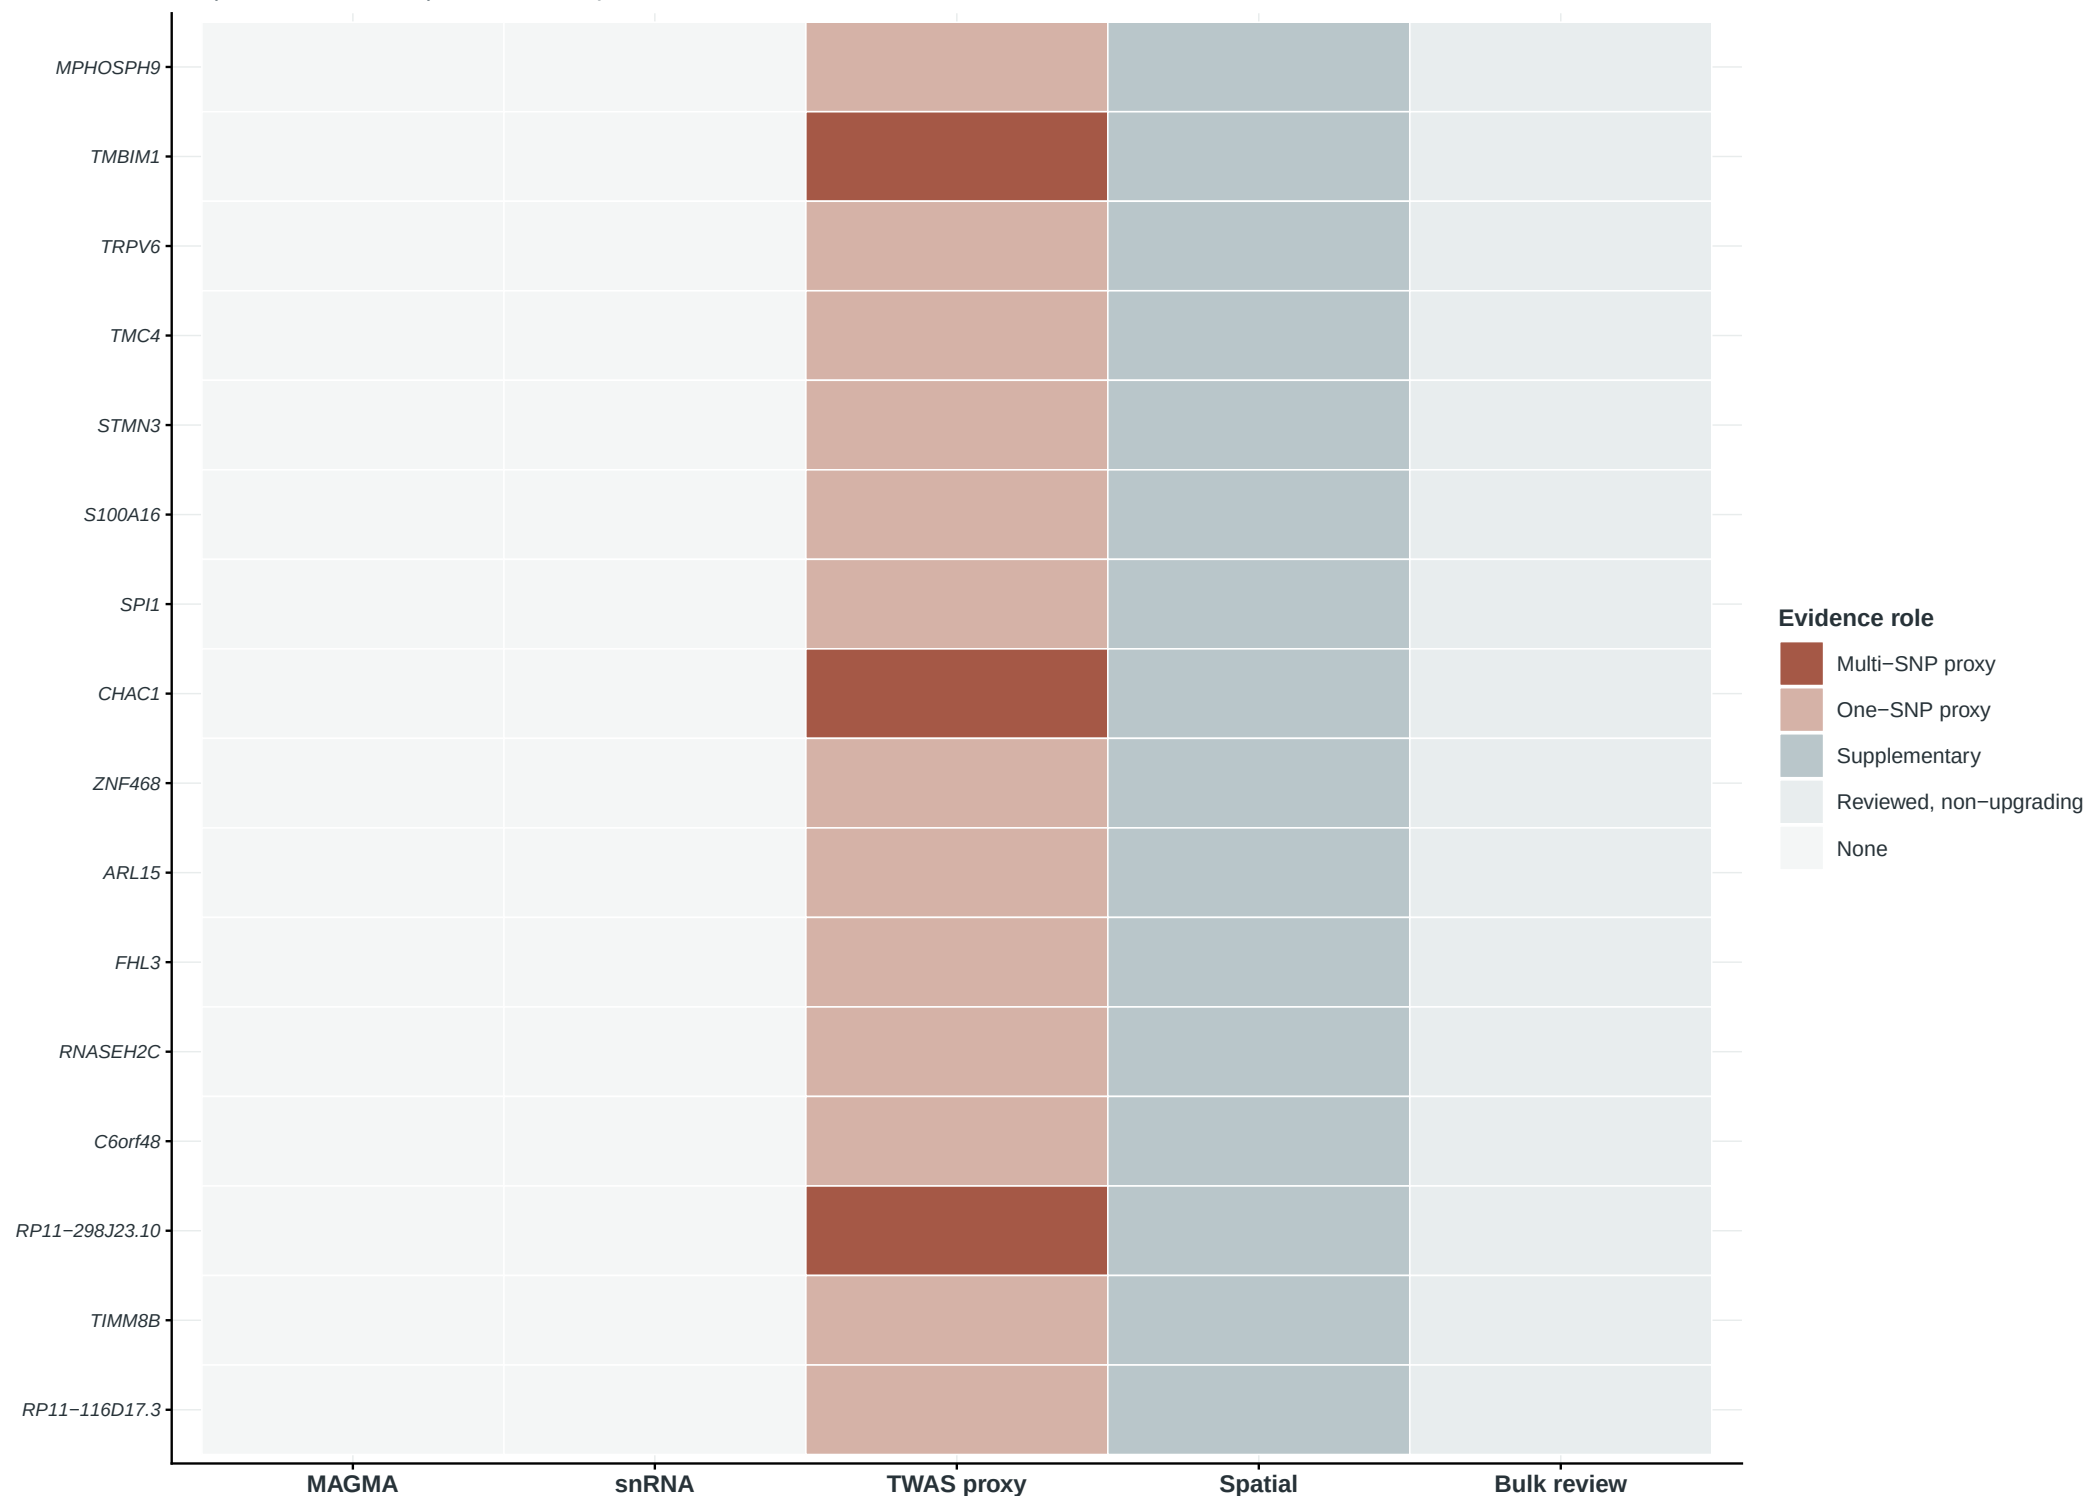

Supplementary Figure S3B | Candidate evidence matrix, page 10

R4 | rows 129–141 of 141 | source order preserved

Supplementary Figure S3B | Candidate evidence matrix, page 11

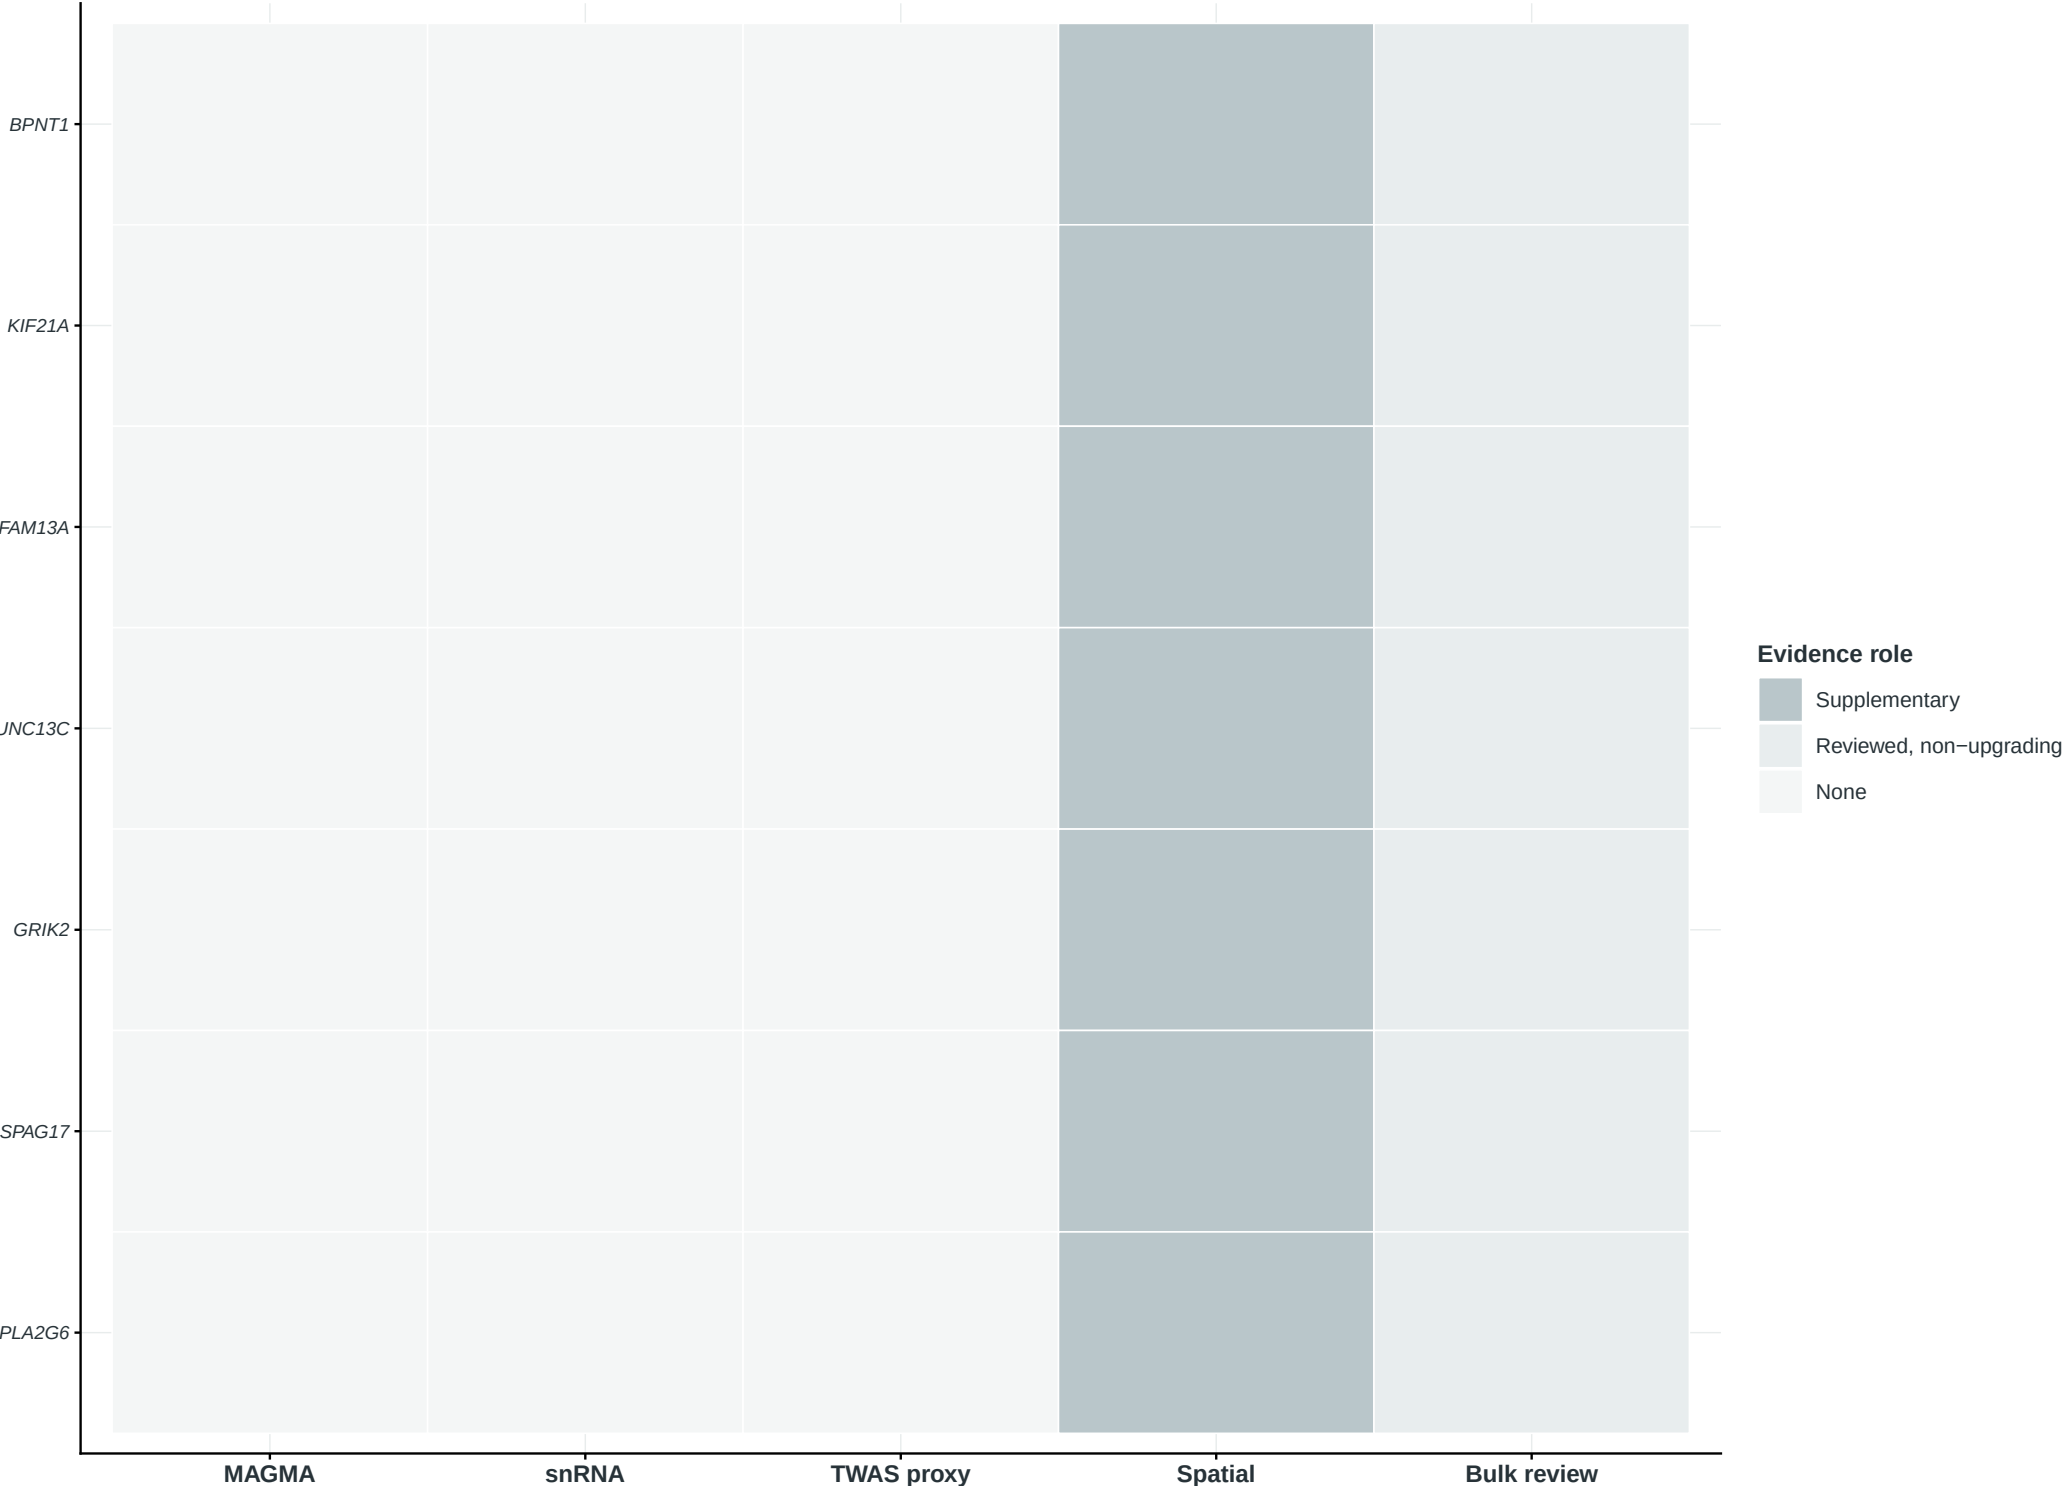

R5 | rows 1–16 of 16 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.

Supplementary Figure S3B | Candidate evidence matrix, page 12

R6 | rows 1–7 of 7 | source order preserved

Direct rendering of Supplementary Table 5; R1–R6 are reporting groups, not causal tiers.
